

LIPPINCOTT

FLOWER SEEDS

MISS C.H. LIPPINCOTT,
MINNEAPOLIS,
MINN.

MS. C.H. LIPPINCOTT
1908
MINNEAPOLIS,
MINN.

PLEASE READ FOLLOWING SUGGESTIONS CAREFULLY:

FREE PREMIUM. 30 CENTS' worth of seeds extra allowed on all orders amounting to ONE DOLLAR; 15 CENTS' worth on all orders amounting to 50 CENTS. This liberal premium is the same as 30 per cent. discount, but must be selected in seeds, and order for premium must accompany original order for seeds.

MAKE OUT A LIST OF FREE PACKET SEEDS, AND REMEMBER THAT ONLY SEEDS IN PACKAGES CAN BE SELECTED FREE—NOT BY THE OUNCE, ONE-FOURTH POUND, OR COLLECTIONS. NO FREE SEEDS WITH GRASS SEED, FERTILIZER, RUBBER MITTENS, TOBACCO SOAP OR PLANTS.

PLEASE BEAR IN MIND I cannot allow plants to be selected as premiums on seeds, neither can I allow premiums to be selected on plants or Rose orders. I am offering them at such an extremely low price to introduce them to my patrons, to add a premium is simply impossible. Plants and roses will be shipped as soon as weather will permit.

HOW TO REMIT MONEY. Always send money by one of the following methods: POST-OFFICE ORDER, EXPRESS MONEY ORDER, REGISTERED LETTER, or BANK DRAFT, and if the order is lost or stolen, your money is safe—I ESPECIALLY REQUEST MY CUSTOMERS TO REMIT MONEY IN THIS WAY, and I will allow you to select seeds to the cost of the Money Order, Registered Letter, or Draft, PROVIDING YOUR ORDER AMOUNTS TO 50 CENTS. Do not send postage stamps, unless you have no other way of remitting amount; and when you do, two-cent denomination preferred. If money is sent in any other way than specified above it is at the risk of the sender. As all banks now charge exchange, please add 10 cents extra to all personal checks.

ERRORS. While we exercise the utmost care in filling orders, always trying to do a little more than we promise, during the very busy season errors will sometimes occur, and when such is the case we should like to be notified at once and will make satisfactory corrections at once.

POSTPAID. All seeds sent postpaid and safe arrival GUARANTEED. All orders received to the amount of \$1.50 and upwards will be forwarded by REGISTERED MAIL to purchaser's address, which costs me 8 cents extra, but insures the safe arrival of your seeds. Please sign your name and full address on each and every letter you send.

QUANTITY OF SEEDS IN A PACKET. Customers will please note I state number of seeds in a packet, which will enable those wishing to plant borders and beds of a certain length or size to calculate the number of packages required. FULL COUNT GUARANTEED. No less quantity than a package can be sold.

FLORAL CULTURE. Containing full cultural directions and points how to grow flowers from seeds, mailed free with every order.

Please be careful to sign your *name* and *full address* on each and every order you send.

Address all letters to

MINNEAPOLIS, MINN.

THE PIONEER SEEDWOMAN OF AMERICA

The above illustration shows another view of my new business home. Two years ago I gave you the Tenth Street front, and so many have requested another view, I decided to give it.

My catalogue goes to press too early this year for me to publish a list of the prize winners for best lawns grown during the season of 1907.

Thanking you all for past favors and soliciting a continuance of your patronage, I am, yours very sincerely,

CARRIE H. LIPPINCOTT,

Minneapolis, Minn.

602 Tenth Street South.

New Giant Comet Aster.

The plants of this new variety are perfectly true in character, growing twelve to fifteen inches high and covered with large double flowers, as shown in the illustration. The flowers measure from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches in diameter, resembling in shape and artistically curved and twisted petals, the finest Chinese Chrysanthemums. Mixed colors.

Pkt., 150 seeds, 5 cts.

Giant Comet—Pure white. Pkt., 100 seeds, 5 cts.
Giant Comet—Deep Scarlet. Pkt., 100 seeds, 5 cts.
Giant Comet—Light blue. Pkt., 100 seeds, 5 cts.
Giant Comet—Pure lilac. Pkt., 100 seeds, 5 cts.

Mrs. L. M. Whitney, Henderson, N. Y., April 21, 1907, writes: We always enjoy every page of your little catalog, and have had perfect satisfaction from every package of seed purchased of you.

The Cornflower Aster.

Stokesia Cyanæa.

This is one of our most charming and beautiful native hardy plants. The plant grows from 18 to 24 inches high, bearing freely, from early July until frost, its handsome lavender-blue Centaurea-like blossoms, each measuring from 4 to 5 inches across. It is of the easiest culture, succeeding in any open sunny position, and is not only desirable as a single plant in the mixed hardy border but can be used with fine effect in masses or beds of any size.
 Pkt., 100 seeds, 5 cts.

Harlequin Aster.

A striking Aster of great beauty, upright habits and a profuse bloomer. This new race produces odd flowers of the most handsome and attractive appearance, which continue in bloom a long time. In the gardens of Paris they are considered the most valuable of all varieties on account of their long duration in bloom and remarkably bright and conspicuous colors. Composed of pure white petals, quaintly interspersed in irregular manner, with deep blue and bright red petals. Pkt., 150 seeds, 5 cts.

Hohenzollern Aster.

Ostrich Feather type of Asters. Much larger than the Giant Comet, the petals longer and more curled and twisted, and produced in greater abundance. Borne on long stems which make it very desirable for cut flowers. Mixed colors.
 Pkt., 100 seeds, 5 cts.

Mrs. Chas. H. Merriam, Lincoln, Neb., March 25, 1907, writes: The Jap Morning Glories grown from your seed last year were the wonder of the neighborhood.

ASTER NEW VICTORIA

Magnificent flowers, massive and showy, with regular overlapping petals clear to the center. The flowers measure four inches and over across, and are of rich and varied colors. The plants grow very evenly, pyramidal in form, about eighteen inches high, and carry from twenty-five to forty flowers. Over twenty colors, mixed.

Pkt., 150 seeds, 5 cts.

|---------------------------|-------------------------|
| VICTORIA—Snow White. | Pkt., 100 seeds, 5 cts. |
| VICTORIA—Bright Pink. | Pkt., 100 seeds, 5 cts. |
| VICTORIA—Dark Crimson. | Pkt., 100 seeds, 5 cts. |
| VICTORIA—Lavender Shades. | Pkt., 100 seeds, 5 cts. |

PERFECTION ASTER

One of the most perfect and deservedly one of the most popular of all Asters; very double, large and beautiful flowers, with incurved petals; height, eighteen inches to two feet, nearly thirty distinct colors, mixed. Pkt., 150 seeds, 5 cts.

- | | |
|--------------------------|-------------------------|
| PERFECTION—Snow White. | Pkt., 100 seeds, 5 cts. |
| PERFECTION—Pink Ball. | Pkt., 100 seeds, 5 cts. |
| PERFECTION—Crimson Ball. | Pkt., 100 seeds, 5 cts. |
| PERFECTION—Purple. | Pkt., 100 seeds, 5 cts. |

Shelby Center, N. Y., March 18, 1907.

Miss Lippincott:

Dear Madam:—I have used your seeds for five years. I have splendid success with them. The Asters are just lovely. I think them the best I ever used. Very truly yours, Mrs. G. W. Corey.

MISS C. H. LIPPINCOTT
MINNEAPOLIS,
MINN.
3

Aster, New Japanese or Tassel.

The beautiful flowers of this new strain of Asters offer a most striking contrast with those of any other variety. They are of immense size, measuring from five to six inches across, with long petals curiously waved and curled, so as to give them a striking resemblance to the Japanese Chrysanthemums. They grow fourteen or fifteen inches high, and are well branched and produce a number of enormous flowers. Colors, flesh and pink. Pkt., 150 seeds, 5 cts.

TRY WALKER'S EXCELSIOR PLANT FOOD.
It is the Best. 25 and 50 Cents.

New White Branching Aster.

The magnificent, large, double, white flowers, quite four inches in diameter, are borne upon long stems, making them excellent for cutting. Pkt., 150 seeds, 5 cts.

New Yellow Aster.

The form of the double flower is a perfect ball; the quills are close together and of the brightest sulphur yellow, not a mere indication of the color, as in all former productions. The border petals are broad and of a lighter tint, seeming to enclose the flower like an old-fashioned bouquet paper. The flowers are borne upon long, erect stems, excellent for cutting. Plants, twelve to fifteen inches high, are of compact, hardy growth, and most abundant bloomers.

Pkt., 150 seeds, 5 cts.

Dear Miss Lippincott,

I wish to tell you that the seeds that I bought of you last year were the finest seeds I ever sowed. The plants were all wonderful, and my petunia was a beautiful sight, so much so that people came from all around to see it and many wish me to ask you for a catalogue for them.

Yours truly,
Mrs. Louise Gillingham,
Watertown, N. Y.

Aster, Fire King.

The most brilliant Aster ever Introduced.

And the nearest approach to scarlet yet obtained; a color previously unknown in this popular flower, which, for an autumn show of flowers, few others equal. Habit very compact, not more than 12 inches in height, with large, beautifully in-curving flowers, and makes a charming companion to "Snowball". Pkt., 150 seeds, 5 cts.

Aster, Snowball.

A most distinct and handsome variety, equally valuable for pot culture and cut flowers.

It is a most profuse bloomer, a single plant often producing as many as twenty-five to thirty pure, snow white flowers, globular in form and of extraordinary size. Pkt., 150 seeds, 5 cts.

Seample's branching.

This is a magnificent new American strain, producing handsome double flowers on long stems. Mixed colors.

Pkt., 150 seeds, 5 cts.

Seample's Branching—Crimson. Pkt., 100 seeds, 5 cts.

Seample's Branching—Lavender. Pkt., 100 seeds, 5 cts.

Seample's Branching—Pink. Pkt., 100 seeds, 5 cts.

Seample's Branching—White. Pkt., 100 seeds, 5 cts.

Asters, Finest Mixed.

Of all varieties, such as Victoria, Perfection, Comet, Harlequin, etc. Pkt., 150 seeds, 5 cts.

Asters, Good Mixed.

Many bright colors. Pkt., 100 seeds, 3 cts.

One Packet Each of the Entire Collection of Asters,
(29 Pkts.) for \$1.20.

Joliet, Ill., March 4, 1907.

Miss C. H. Lippincott, Minneapolis, Minn.

Dear Madam: After ordering my seeds last spring I found I had hundreds of Aster plants from the seed which had fallen the year before. I set out a long bed of them down one side of the yard and they made a beautiful sight when they bloomed. While the first year I had only lavender in the purple line, last year I had many shades ranging to deep purple.

I certainly am more than satisfied with the seeds and plants which I had from you, for, since using your seeds I have had most beautiful flowers.

Sincerely yours,
Lester Soule Patterson.

ANCHUSA CAPENSIS.

Anchusa Capensis, or Cape Forget-me-not.

A hardy annual of more than ordinary beauty. It grows about two feet high, branching freely and bearing a profusion of the most lovely flowers, similar in all respects to the Forget-me-not, though the blossoms are much larger and of finer color. It is always taken for a beautiful, large-flowering Forget-me-not, and for bouquets and cut flowers it is indeed superior to it. Its color is a deep, clear, brilliant blue with a pure white eye; one of the rarest and most lovely shades of that color. It blooms early and continues all summer.

Pkt., 200 seeds, 5 cts.

Asparagus Sprengeri.

Highly praised everywhere; handsomest seen drooping from a pot or basket. Sprays four to six feet long, of fresh, green, feathery foliage; useful for bouquets, wreaths or sprays, remaining perfect for weeks after cutting. Grows freely the whole year round; extremely valuable for all purposes. Flowers white, followed by red berries. Pkt., 15 seeds, 10 cts.

Asparagus, Plumosus Nanus.

This graceful climbing Asparagus has foliage finer than that of the most delicate fern, and will last for weeks after being cut. It is an excellent house plant, succeeding under almost any conditions.

Pkt., 10 seeds, 10 cts.

Alyssum, Little Gem.

Alyssum, Little Gem.

The plants are very dwarf. Each spreads so as to completely cover a circular space twelve to twenty inches in diameter. They soon become one mass of white, remaining in full bloom from spring to fall—being densely studded with the beautiful miniature spikes of deliciously fragrant flowers. Pkt., 300 seeds, 5 ets.; oz., 30 cts.

Alyssum, Saxatile Compactum.

Showy, golden-yellow flowers; hardy perennial, blooms the first season; excellent for rock work.

Pkt., 200 seeds, 5 ets.

Dickinson, N. D., April 18, 1907.

Dear Miss Lippincott:
Last year I ordered my sweet pea seeds from your catalogue. They were more than a success. I picked the blossoms twice a day and still there were plenty of flowers left on to make the vines look pretty. I have doubled my order this year. Yours, Irene Walton.

Alyssum, Sweet.

Its pure white, fragrant flowers are produced from early spring until killed by frost; very useful in all kinds of bouquets.

NOTE—For a cemetery plant, nothing is more suitable than Sweet Alyssum—requiring but little care and attention and being a continuous bloomer throughout the summer.

Pkt., 300 seeds, 5 ets.; oz., 25 ets.

Acroclinium, Everlasting.

One of the most beautiful and valuable of the everlasting flowers, called by some "Pink Daisies"; very effective in borders during the blooming seasons, and possessing the additional advantage of being available for winter decoration, for which purpose it is now extensively grown.

The densely double flowers are faultless, both in shape and color; the flowers are somewhat larger than the single, and from the seed I offer above 75 per cent. will be double. Pkt., 100 seeds, 5 ets.

MISS S. H. LIPPINCOTT
7
MINNEAPOLIS
MINN.

Arabis Alpina.

The pure white flowers grow so uniformly and thickly that it gives the effect of a sheet of snow. Plants perfectly hardy. The earliest, prettiest, spring flower. The spreading tufts are densely clothed with neat, lively green leaves and covered with pure white flowers of the most lovely effect, conspicuous at a great distance, especially in large masses on rockeries or broad edgings for park roads, having the advantage of braving the greatest drought during summer and always looking neat.

Pkt., 400 seeds, 5 ets.

Ageratum, Imperial Dark Blue.

A plant that blooms continuously all summer in the garden and makes a pleasing contrast of color with more brilliant varieties. I offer seed of the new **Imperial Dark Blue** as the best and most showy. Pkt., 300 seeds, 5 cts.

Ageratum, Dwarf White.

A new variety, very dwarf and compact; pure white. Pkt., 300 seeds, 5 cts.

Achillea.

Ptarmica—(Double White Yarrow). One of the best hardy white perennials in the list. Grows about two feet high, and from spring till frost is covered with heads of pure white double flowers. A grand plant for cemetery decoration. Easily grown from seed, flowering the first season if sown early. Pkt., 300 seeds, 5 cts.

ANTIRRHINUM TOM·THUMB

Antirrhinum, Tom Thumb, Snapdragon.

Very dwarf, growing only eight inches high, thickly studded with beautiful spikes of gay colored flowers, orange, scarlet, rose-white, maroon, striped, etc. Pkt., 500 seeds, 5 cts.

Antirrhinum, New Giant.

Flowers double the size of the older sorts, more closely set on the stems, and colors more clear and brilliant. Plants very compact and bushy, growing about twelve inches high. All colors, mixed. Pkt., 400 seeds, 5 cts.

Antirrhinum, Queen of the North.

The finest and most beautiful of all the **Snapdragons**. The plants grow into handsome, regular bushes, twelve inches high, covered with large white flowers of a deliciously sweet perfume. Suitable for bedding or pot culture. Pkt., 400 seeds, 5 cts.

Ambrosia.

A hardy annual with long spiral stems, bearing an abundance of small, round greenish-yellow buds and blossoms which are *exceedingly fragrant*. It is as desirable as the Rose Geranium as a plant with fragrant foliage, and for making up into bouquets and other floral work. Its long, beautiful, fringy spirals of lovely green are unsurpassed. It is one of the easiest plants to grow, and seed may be sown early in open ground.

Pkt., 400 seeds, 5 cts.

Crab's-Eye Vine.

Abrus Precatorius.

A most beautiful climber, either for pot culture or the open ground in summer; bears clusters of bright yellow flowers, followed by bunches of pods, which, when dry, burst open, disclosing brilliant red seeds with black eyes, used for making beads and other ornaments, for which purpose they are exceedingly pretty.

Pkt., 15 seeds, 5 cts.

Abutilon.

Flowering Maple.

A very popular perennial shrub, with bell-shaped drooping flowers, well adapted to house culture, easily raised from seed, and if sown before April, under glass, plants will bloom the first season. For winter flowering, plant in September. Finest mixed.

Pkt., 30 seeds, 5 cts.

Angel's Breath, or Gypsophila.

An annual that should be in every garden, for it thrives everywhere, and furnishes the loveliest material for all kinds of bouquets. The tiny little flowers are borne in abundance on long, graceful, branching stems which lend a most graceful, light appearance to any bunch of flowers. Pkt., 300 seeds, 5 cts.

Aquilegia, or Columbine.

Very handsome, ornamental, hardy perennial plants of easy cultivation and bearing in profusion large flowers of novel shape and in a great variety of colors. Double mixed. Pkt., 300 seeds, 5 cts.

Bachelor's Button.

Bachelor's Button, Double.

It has been so perfected that fully 80 per cent of the flowers are double and semi-double; are also increased in size and present many bright colors and distinct markings which have hitherto been unknown in this old-fashioned favorite flower.

Pkt., 75 seeds, 5 cts.

West Derry, N. H., April 27, 1907.
Ever since you started in business I have got seeds from you and they are always good and I have lovely flowers from them.

Mrs. Walter E. Greely.

BEAN.

SCARLET RUNNER.

A Favorite Old-Fashioned Climber

One of the very few beans that are both ornamental and useful. It grows rapidly to a height of 10 to 12 feet, and is covered from July until heavy frost with clusters of beautiful scarlet flowers. Pkt., 12 seeds, 5 cts.; Pt., 20c.; Qt., 30c.

Sulpho Tobacco Soap.

A Wonderful Insect Pest Exterminator.

Unsurpassed for quickly exterminating all insect life on plants and flowers in and out of doors. Excellent for rose bushes, shrubs, etc. This popular insecticide never fails to give satisfaction, and is cheap, effective, clean, harmless, and non-injurious to the tenderest growth. It also acts as a valuable fertilizer, reviving plant life. For domestic purposes it rids the house of cockroaches, and is a superior wash for dogs and all animals. Prevents poultry lice. A trial will give highly gratifying results.

3-oz. cake, sufficient for $1\frac{1}{2}$ gallons prepared solution, mailed postpaid 13c. 8-oz. cake, sufficient for 4 gallons prepared solution, mailed postpaid 28c.

Defiance Balsam, Lady Slipper.

The most perfect in form and largest double-flowered Balsam yet developed, and by careful growth and selection, has attained a standard that will be found hard to improve. The mixture which I offer is composed, in nearly equal proportions, of eight colors: rose, rose-white spotted, pink, scarlet, white-tinted violet, white spotted, scarlet white spotted and purple; each having been grown separately. Pkt., 75 seeds, 5 cts.

Balsam, Good Mixed.

A splendid strain, good colors and large double flowers; not equal to "Defiance," but gives good satisfaction.

Pkt., 50 seeds, 3 cts.

Begonia Rex.

Beautiful foliage, justly celebrated as the finest of ornamental pot plants. superb large leaves, of exquisite and rich coloring.

Pkt., 50 seeds, 15 cts.

Begonia. — Tuberous rooted, single mixed. Seed saved from finest colors. Pkt., 100 seeds, 10 cts.

Begonia. — Tuberous rooted, double mixed, from the finest and best colors. Pkt., 100 seeds, 12 cts.

Begonia Vernon.

One of the most satisfactory pot plants for the house, and a popular bedding plant for the garden or lawn. It blooms with the greatest profusion throughout the summer. Flowers a brilliant orange-carmine with bright yellow centers, and the foliage waxy and glossy. It is easily raised from seed, and comes absolutely true. Valuable for bedding and general culture. Pkt., 300 seeds, 5 cts.

Bird of Paradise, Poinciana Gillesi.

The color of the flower is a golden yellow, measuring two and a half inches across, with shape as shown in illustration, and it is produced in very large trusses. The most beautiful part of the flower is the large pistils which are spread out in fan-like form, and are of bright crimson color. The foliage is also highly decorative, reminding one of a very delicate Acacia. If the seed is started early, it will produce blooms in great profusion the first year. Pkt., 15 seeds, 8 cts.

Balsam Apple.

A beautiful climbing plant with apple-shaped fruit, which, if preserved in alcohol, make a most useful liniment.

Pkt., 25 seeds, 5 cts.

Carnations, Perennial Varieties.

Indispensable plants for both pot culture in the greenhouse and window garden, and open ground culture in summer; of innumerable colors and delicious perfume. The plants may be set in the open ground during the summer, where they will flower as profusely as when grown in pots in the house. Half hardy perennials.

Double Mixed—Producing many double flowers of all shades and colors. Pkt., 100 seeds, 8c.

Extra Fine Double Mixed—Seeds saved from the finest and choicest German, French, Italian and English stocks. Pkt., 100 seeds, 10 cts.

Grenadin Scarlet—Very early, habit dwarf and compact, brilliant double scarlet flowers.

Pkt., 100 seeds, 10 cts.

Grenadin White—Double, early flowering, white. Pkt., 100 seeds, 10 cts.

Coccinea Indica.

A remarkably pretty climber. Ivy-like foliage, bright and luxuriant, never troubled with insects, and admirably adapted for trellises, arbors, etc. The small flowers are soon followed by numerous fruits two inches long, which turn to brilliant scarlet, spotted with white, rendering the vines very pretty.

Pkt., 25 seeds, 5 cts.

Calceolaria, Hybrida.

Favorite and universally admired plants, remarkable for their large, beautifully spotted blossoms which are very showy, and from which an almost countless number of hybrids have been raised. They are perennial, are grown in pots in the conservatory, greenhouses and gardens. Mixed colors.

Pkt., 200 seeds, 10 cts.

MARGUERITE CARNATION

A magnificent class of Carnations *that will bloom in four months after sowing the seed*. They are without exception the most abundant bloomers of all the "Pinks." The flowers are of brilliant colors, ranging through many beautiful shades of reds, pinks, whites, variegated, etc. It is a most valuable acquisition, as Carnation flowers can be had all summer and winter, if consecutive sowings are made.

Pkt., 100 seeds, 5 cts.

Centrosema Grandiflora.

A hardy perennial vine which will bloom in June or July from seed sown in April, and bears in the greatest profusion inverted, pea-shaped flowers from $1\frac{1}{2}$ to $2\frac{1}{2}$ inches in diameter, ranging in color from a rosy-violet to a reddish purple, with a broad, feathered white marking through the center, while the large buds and backs of the flowers are pure white, making it appear as if one plant bore many different colored flowers at one time. Pkt., 50 seeds, 5c.

Canterbury Bells.

Campanula Media.

Calycanthema (*Cup and Saucer Canterbury Bells*). This is unquestionably the finest type of this old-fashioned and much prized garden plant. The increasing demand has induced us to offer it in separate colors as well as in mixture.

Rose—Delicate rosy-pink.....	Pkt., 200 seeds, 10 cts.
Blue—A fine, clear shade.....	Pkt., 200 seeds, 10 cts.
Striped—White striped blue.....	Pkt., 200 seeds, 10 cts.
White—Pure white.....	Pkt., 200 seeds, 10 cts.
Finest mixed —All colors of the	

Cup and Saucer type...Pkt., 400 seeds, 5 cts.

One packet each of the 4 colors of Cup and Saucer Canterbury Bells, 30 cts.

Cineraria, Hybrida.

One of the most popular of all greenhouse plants, and what a splendid display they make when well grown. I know of no plant so easily grown as the Cineraria. The secret of growing well is to grow fast, never allowing them to receive a check, either from being pot bound, dryness of root, or attack of insects; the cooler they are kept the better. In colors they range from crimson, magenta, violet, purple and variegated. Large flowering mixed.

Pkt., 200 seeds, 8 cts.

Canary-Bird Flower.

Tropaeolum Canariensis.

One of the most beautiful annual climbers, with bright green foliage, delicately cut and very ornamental. The flowers are bright golden yellow, bearing a fanciful resemblance to birds with expanded wings. Succeeds best in a cool, slightly shaded situation; also does well as a pot or basket plant for the window or conservatory.

Pkt., 30 seeds, 5 cts.

MISS C.H.LIPPINCOTT
MINNEAPOLIS,
MINN.
13

Candytuft, Giant Empress.

A magnificent variety, with enormous, flattened heads of large, pure white florets. Good stems. 1 Pkt., 200 seeds, 6 cts.

Candytuft.

Hardy Perennial, Semperflorens.

A profuse blooming, white, hardy perennial, coming in flower early in the spring. Much used for cemeteries, rockeries, etc. 1 foot.

Pkt., 200 seeds, 6 cts.

Candytuft, Snow Queen.

A valuable and distinct species of great beauty. It is an annual variety and grows very rapidly, quickly coming into bloom and remaining in full flower for about three months. It bears but little foliage, and the mass of white produced makes it useful for borders.

Pkt., 300 seeds, 5 cts.

Candytuft, Mixed.

All colors.

Pkt., 400 seeds, 5 cts.

Calendula,

Double Yellow.

Flowers extra large and very double, slightly imbricated, while those of the center are incurved like the petals of a Peony. Color, bright golden yellow or orange. From seed sown in the open ground it comes into flower early.

Pkt., 150 seeds, 5 cts.

Cypress Vine.

A most beautiful vine, with delicate, fern-like foliage and beautiful, star-shaped, rose, scarlet and white flowers. Seed very slow to start growth. All colors mixed.

Pkt., 50 seeds, 5 cts.

Clematis, Paniculata.

Japanese Virgin's Bower, Hardy Perennial.

This is one of the really good hardy climbers. The leaves are of a bright glossy green, and when in bloom it astonishes with the quantity of flowers, the plant being completely hidden beneath a blanket of white, hawthorn-scented blossoms; a grand plant for piazzas, fences, in fact any position where a climber is wanted. It is just the thing for covering terraces and embankments; does equally well in sunshine or shade, and stands unrivaled as a plant for the cemetery. Soak the seed in warm water for twenty-four hours before sowing.

Pkt., 50 seeds, 8 cts.

Centaurea Imperialis.

Centaurea Imperialis is of the easiest culture and flowers continually from early spring until fall. Flowers are double the size of Centaurea Marguerite, of various tints and colors, pure white, lilac, rose, purple and dark red, supported on long stems, which renders them very desirable for cut flowers and corsage bouquets. They have the same delicate odor and form as the Centaurea Marguerite. Mixed colors. Pkt., 75 seeds, 6 cts.

Centaurea Marguerite.

The most fragrant and longest keeping cut flower. The flowers are the size of a medium Carnation, freely produced on long stems, which render them valuable for cutting; colors pure white, pale sulphur-yellow and lavender. The flowers are sweet-scented, and their lasting quality after being cut is remarkable. The plants grow about eighteen inches high and are of the easiest culture; from spring-sown seed they commence to flower in July and continue until late in the autumn. The novelty is entirely distinct from all other Centaureas, and is undoubtedly the most beautiful variety known. Mixed colors. Pkt., 100 seeds, 5 cts.

Walker's Japanese Flower Food.

Has no equal for improving Palms, Rubber Plants and Ferns, producing growth and renewing the green.

By mail,
25 cts.

New Double Calliopsis.

A handsome double variety, flowers of a rich golden yellow color, with wine-maroon spots. Pkt., 200 seeds, 5 cts.

Calliopsis or Coreopsis Single.

Very handsome and showy plants of the easiest culture, require no care and thrive in any garden. Produce flowers in nearly every shade of yellow, orange, crimson, red, brown. It is one of those flowers which will grow in any situation and always be greatly admired. Mixed colors. Pkt., 300 seeds, 5 cts.

Calliopsis, Lanceolata. Perennial.

Graceful and profuse blooming plant, with large, striking flowers of a brilliant golden yellow. Remains in bloom all summer. Its long wiry stems fit it admirably for bouquet making. Its golden cloud of blooms, far above the foliage, make it a capital bedder. Pkt., 200 seeds, 5c.

MISS C. H. LIPPINCOTT

MINNEAPOLIS
MINN.

Crozy's New Dwarf Cannas.

Crozy's New Dwarf Cannas.

One of the most popular of bedding plants, while even single specimens are most attractive in the garden. They will bloom the first year from seed, if you soak them in boiling water over night; sow singly in small pots as soon as convenient and grow as rapidly as possible. The roots can be kept in the cellar over winter and each clump will give six to eight good roots for planting out the following spring.
Pkt., 15 seeds, 5 cts., oz., 25 cts.

Cannas.

Tall-Old Type

A mixture of all the best tall growing varieties.

Pkt., 15 seeds, 5 cts., oz., 25 cts.

Coleus.

One of the best known and most universally admired ornamental foliage plants, in an endless variety of colors and shadings, indispensable for ribbon and carpet bedding, or as single specimens. Coleus seed germinates easily, and success is as sure as with an ordinary annual.

Pkt., 300 seeds, 5 cts.

Cockscomb, Queen of Dwarfs.

This is the best dwarf-growing Cockscomb; the plants grow only about eight inches high, are firmly set in the crown with well-balanced, large heads, ten to twelve inches across. They grow very uniformly and present an unusually solid effect in color, which is rich, ruby red, of extreme brilliancy. Pkt., 200 seeds, 5 cts.

Chrysanthemum, or French Marguerites.

Annual varieties much grown for cut flowers. The plants grow twelve to eighteen inches high and produce on long stems beautiful large flowers of many bright colors. They flower all summer in the garden, and make elegant pot plants for winter flowering. Pkt., 200 seeds, 5 cts.

Chrysanthemum, Inodorum Plenissimum.

Although a perennial, it flowers abundantly the first year from seed, each plant producing hundreds of beautiful, perfectly double, snow-white flowers unsurpassed for bouquets. It remains in bloom all summer, and is in all respects one of the handsomest and most valuable of flowers.

Pkt., 200 seeds, 5 cts.

Chrysanthemum, Fancy Perennial.

From the best Incurred, Pompon, Japanese, Chinese and Anemone-flowered varieties. Seed sown in the hot-bed in February or March, or even April, will give plants that will bloom in August or September, and cannot fail, with proper care, to give magnificent flowers in a wonderful variety of colors and forms. Pkt., 200 seeds, 8 cts.

FOR LIST OF PLANTS See FLORAL CULTURE, a copy of which will be sent free on application. Make order for plants on separate sheet of paper from seed order, and address to MISS LIPPINCOTT.

MISS C. H. LIPPINCOTT
MINNEAPOLIS, MINN.
LOC. 17

Cobaea Scandens.

A beautiful, large, bell-shaped flower, green at first, but rapidly changing to a beautiful deep violet-blue. A well established plant will run 30 to 40 feet a season. Pkt., 20 seeds, 5 cts.

New Early Blooming Cosmos, Dawn.

This beautiful new strain produces abundantly well-formed lovely flowers of large size; pure white, pink and crimson in color. It can be had in bloom from July to November and grows freely everywhere.

Pkt., 100 seeds, 5 cts.

Cosmos Hybridus.

Seed sown in April or May and transplanted to open ground will produce plants 5 or 6 feet high by September and from then until November will be covered with hundreds of blossoms, three inches across, resembling single Dahlias. All colors mixed. Pkt., 100 seeds, 5 cts.

Cosmos, White Pearl.

Large, pure white flowers; very valuable for florists.

Pkt., 100 seeds, 5 cts.

Cosmos, Pure Pink.

Beautiful large flowers, of a clear, delicate pink color.

Pkt., 100 seeds, 5 cts.

Cosmos, Crimson.

Large, beautiful crimson flowers.

Pkt., 100 seeds, 5 cts.

Cyclamen, Persicum.

Well-known bulbous rooted plants, universal favorites as pot plants for winter and spring blooming, producing handsome red and white flowers, with beautiful variegated foliage, in different shades of green. The seed should be sown in the spring, and by autumn will produce a bulb which will blossom the following spring. Mixed.

Pkt., 25 seeds, 5 cts.

Cyclamen, Giganteum.

Flowers of extraordinary size, and of great substance. The leaves are proportionately large, and beautifully marked. Pkt., 25 seeds, 8 cts.

Cleome Pungens, The Giant Spider Plant.

A robust plant growing vigorously 4 to 5 feet high, unaffected by wind or weather, and flowering profusely and continuously for months. The flowers are very showy, bright rose color; growing freely from seed sown in the open ground, thrives luxuriantly, and blooms all summer, no matter how unfavorable the season may be. *It is also one of the best honey producing plants*, and should be planted liberally by all bee-keepers.

Pkt., 200 seeds, 5 cts. Oz. 25 cts.

Dahlia, Double.

Every one knows and admires the Double Dahlia, but comparatively few are aware that it can be grown so easily from seed, and flowers so beautifully the first season that the purchase of bulbs is a needless expense. Choice mixed.

Pkt., 50 seeds, 5 cts.

Dahlia, New Striped Single.

The extra large single flowers, quite four inches in diameter, comprise a wonderful variety of colors, beautifully striped, flaked, mottled and dotted in a grotesque and charming manner. Pkt., 50 seeds, 5 cts.

For List of PLANTS See Floral Culture.

A copy of which will be sent free on application. Address all orders to

MISS LIPPINCOTT.

Cactus Dahlia.

A new class of broad-petaled double flowers, esteemed by many the finest of all. Very distinct and extra fine for cutting. Pkt., 50 seeds, 10 cts.

Digitalis, Fox Glove.

A handsome and ornamental hardy perennial of stately growth, for shrubberies and half shady places.

Pkt., 500 seeds, 5 cts.

Miss C. H. Lippincott: I was much pleased with the seeds last year. They were admired by all my friends and neighbors. I only wish I had more room to plant seeds. Respectfully, Mrs. L. D. Brown, Warren, Mass.

MISS C. H. LIPPINCOTT
MINNEAPOLIS MINN.

The Blue Daisy, *Agathea Coelestis*.

The flowers are the very counterpart of the Paris Daisy, which is sky blue with a yellow disc. It makes a very pretty object for summer decoration in the flower garden; of easy growth and the plant may be had in flower all the year 'round. It is allied to Cinerari, and requires about the same treatment. A fine winter bloomer.

Pkt., 200 seeds, 5 cts.

Mrs. G. W. Diel, Covington, La., Oct. 3, 1907, writes: I want to thank you for the nice seed I have been getting from you. Every packet of seed came up. My Cosmos have bloomed for the second time, and my Gloxinias are beautiful.

Snowball Daisy.

Double Daisy, *Bellis Perennis*.

Daisies are easily grown from spring sown seed and come into flower in a very short time. The flowers are white, pink, red and variegated. *Not all will come double from seed.* Finest mixed.

Pkt., 300 seeds, 5 cts.

New Snowball Daisy.

A beautiful white flowered variety having very long stems with large double flowers, about eighty per cent of which are extremely double. Pkt., 300 seeds, 5 cts.

Delphinium, or Larkspur.

Delphinium, Larkspur.

Well known annuals of great beauty and remarkable for the richness of their colors; invaluable for large gardens. Mixed. Pkt., 200 seeds, 5 cts.

Delphinium, Formosum.

A hardy perennial variety, flowers bright blue with white center.
Plt., 200 seeds, 5 cts.

Dolichos, Hyacinth Bean.

This beautiful annual climber should have a place in every flower garden. It is of very rapid growth.
Pkt., 30 seeds, 5 cts.

Dolichos, (Hyacinth Bean.)

Shasta Daisy—One-Half Natural Size.

THE SHASTA DAISY is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type, which has been obtained by first combining the free-flowering American species with the large, but coarse, European species, and the Japanese species, Nipponicum, after which rigid selection through a series of years has produced the present wonderfully beautiful and useful strain. Its first qualification is hardiness; it can be grown out of doors by anybody where it is not cold enough to kill oak trees. It is perennial, blooming better and more abundantly each season. It can be multiplied rapidly by simple division, and it is not particular as to soil. It blooms for several months. The flowers are extremely large and graceful, averaging about four inches in diameter, with three or more rows of petals of the purest glistening whiteness, and are borne on single, strong, stiff, wiry stems, nearly two feet in length. The blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it in usefulness. Pkt., 100 seeds, 10 cts.

MISS C. H. JIPPINCOTT

MINNEAPOLIS
MINN.

Dianthus or Chinese PINKS

Dianthus, or Chinese Pinks.

Best Mixed.

One of the most useful and desirable plants, and for beauty and variety of colors and markings cannot be surpassed, ranging from pure white to the most delicate pink and glowing deep crimson. A bed of these in the flower garden will make a grand display at small cost. The mixture I offer includes, besides the standard sorts, all the new and brightest colors in spotted, striped and handsomely fringed varieties of late introduction, both single and double. I guarantee it will give satisfaction with any other strain offered. Pkt., 200 seeds, 5 cts.

Dianthus, Hedgewiggi.

Finest Single Mixed.

Flowers two or three inches in diameter. Most beautiful and brilliant colors. Pkt., 150 seeds, 5 cts.

Dianthus, Dwarf Fireball.

The most brilliant annual pink in cultivation; the plants are constantly covered with blood-red, perfectly double, laciniated flowers until checked by severe frosts. Pkt., 150 seeds, 5 cts.

Dianthus, Dwarf Snowball.

This beautiful dwarf variety belongs to the Hedgewiggi class of Dianthus. The plants are very compact dwarf growth and are covered with lovely, spotless, snow-white flowers very full and double. From its dwarf growth it is very attractive for edgings, while the flowers are also very useful for cutting for bouquets. Pkt., 150 seeds, 5 cts.

New Large-Flowered Dwarf Double Hybrid Pinks.

The plants grow only nine to ten inches high, with extra large double flowers, frequently measuring three inches across — of perfect form and brilliant colors, ranging from pure white to deep crimson, while many are beautifully variegated and fantastically marked. Blooming freely the first season.

Pkt., 150 seeds, 5 cts.

Dianthus, Plumarius, Pheasant's-Eye Pink.

Dianthus, Plumarius, is the old-fashioned Grass Pink. It is perfectly hardy, blooms very profusely in early summer, and is admirable on account of its delicacy, showiness and fragrance. Its use either as a cemetery or garden flower is always satisfactory. Pkt., 100 seeds, 5 cts.

Datura Cornucopia, "Horn of Plenty."

Discovered in South Africa by a collector of Orchids. The plant is of robust habit, with thick, dark, brown-purple, shining stems. The branches are numerous, spreading 3 or 4 feet; thick, large, dark green colored leaves. The flowers are trumpet-shaped, measuring 8 or 10 inches in length and 5 to 7 inches across the mouth, and form *three distinct flowers growing each within the other*. The mouth of the corolla is the most delicate white, beautifully marked with royal purple. A single plant gives from 200 to 300 fragrant blooms during the season, followed by a large, thorny seed vessel, which adds to its beauty; is of the easiest culture; plant at the end of May in a warm, rich soil; can be cultivated as an isolated specimen, in masses for center of beds, or to fill barren places, and produces a striking effect. Pkt., 15 seeds, 5 cts.

Eschscholtzia, California Poppies.

Hardy annual, growing about 1 foot high, bearing a profusion of rich, yellow flowers, about 2 inches in diameter, making a blaze of color in the sunshine and fully as valuable as the common Poppy for garden ornamentation, and as easily grown. Pkt., 400 seeds, 5 cts.

I never have taken as much pleasure from any flowers as I did from the ones produced from one package of your mixed aster seeds. They were beauties.

Mrs. J. H. Coffman, Milton, Oregon.

Fuchsia, Double and Single Mixed.

Fuchsias are as easily grown from seed as from cuttings, and from seed many new varieties are obtained. They will flower freely the first year in the open ground, while the plants can be taken into the house in the winter, where they will flower still more freely. The seed I offer has been saved from the very finest double and single varieties. Pkt., 30 seeds, 10 cts.

Rass J. Hutsinpillar, Oakes, No. Dak., April 16, 1907, writes:
We have planted your seeds for many years and they have always given excellent satisfaction.

Forget-Me-Not, "Victoria."

Of stout and bushy habit of growth, bearing umbels of large bright, azure blue flowers, with central double blooms, and when fully grown is quite globular in shape and perfectly covered with flowers. This beautiful Forget-Me-Not is the best for carpet bedding, edgings and masses, and for growing in pots. Pkt., 200 seeds, 5 cts.

Pink Forget-Me-Not.

Myosotis Alpestris, Rosea. One of the earliest plants to flower in the spring. The plant is bushy, with flower stalks 12 inches long; is an excellent border plant, and can be easily multiplied by division of the roots. Pkt., 200 seeds, 6 cts.

Feverfew, Double, Matricaria Eximia.

A fine old-fashioned bedding plant; also suitable for pot culture. It grows about eighteen inches high, with numerous branching flower stems, which are literally covered with very double, pure white flowers an inch in diameter. Blooms until frost. Pkt., 200 seeds, 5 cts.

Geranium, Finest Mixed.

The most popular plant grown, either for pot culture in winter or for bedding out in summer. No flowering plants are more grown, and certainly none are more suitable for large beds where a mass of bloom is desired, or for single specimens in pots for the house. But few are aware that they can be grown easily from seed, and flower the first season if sown early, and will frequently reward the cultivator with charming new varieties; in fact *propagation by seed is the only sure way to obtain new varieties*. The seed I offer has been saved from twenty-five of the finest varieties grown. There can be no finer mixed Geranium, and it cannot fail to bring forth some splendid new varieties. Pkt., 50 seeds, 10 cts.

Geranium. Good Mixed. Pkt., 30 seeds, 6 cts.

Geranium. Apple-scented leaves, delightfully fragrant, highly prized for bouquets. Pkt., 30 seeds, 10 cts.

Impatiens

Sultani.

This most distinct and beautiful plant is almost a perpetual bloomer. The flowers are of a brilliant rosy scarlet color and are produced so freely that a full grown specimen appears to be a ball of flowers and continues in full beauty several months.

Pkt.,
400 seeds,
5 cts.

Gloxinia.

The Gloxinia is a grand flower and makes a lovely pot plant; as easily grown and cared for as many of the common flowers. The handsome, bell-shaped flowers embrace a great variety of the richest and most beautiful colors, ranging from pure white to dark blood-red, pink, blush, lavender, indigo blue, marble and spotted. They will bloom in four or five months from time seed is sown.

Pkt., 100 seeds, 10 cts.

Iris, Flowering Flags.

Kaemferi, Japanese Iris.

This is one of the showiest of the "Flags," and is now extensively used in the hardy garden. Blooms the second year from seed.

Pkt., 100 seeds, 8 cts.

NOTE—For immediate results it is necessary to get roots of Japanese Iris. See "Floral Culture."

Ice Plant, Mesembryanthemum.

A handsome and curious plant for hanging baskets, rock work and vases. The leaves and stems appear as though covered with icy crystals and look like rock candy. The whole plant is peculiarly brilliant in the sunshine. Pkt., 400 seeds, 5 cts.

MISS C.H.LIPPINCOTT
MINNEAPOLIS MINN.
25

Godetia

Godetia, Finest Mixed.

Beautiful, hardy annuals, remarkable for the delicacy of their very fine large blossoms; flowers deep rose pink, rosy carmine, snow-white with bright carmine rose spots, carmine, crimson, lilac with purple and white. Pkt., 400 seeds, 5 cts.

Gourds, Ornamental.

Tender, annual climbers, with curiously shaped fruit in various colors, many of which are peculiarly marked. Pkt., 40 seeds, 5 cts.

Gaillardia, New Double.

Large, double flowers, valuable for cutting. The colors embrace sulphur, golden yellow, orange, amaranth and claret.

Pkt., 200 seeds, 5 cts.

Heliotrope.

Heliotrope is a universal favorite on account of its delightful fragrance and duration in bloom, flowering equally well as bedding plants in summer, or as pot plants in the house during the winter. Seed sown in the spring make fine plants for bedding out, and are as easily grown as verbenas. Pkt., 200 seeds, 5 cts.

Heliotrope, Lemoine's Giant.

Of vigorous growth and producing heads of flowers double the size of the old sort. Pkt., 200 seeds, 5 cts.

Humulus Japonicus, Variegated Japanese Hop

One of the most rapid climbers grown; seeds can be sown in the open ground in the spring and it will attain enormous dimensions very quickly. The foliage is luxuriant and variegated. It is one of the best plants for covering verandas and trellises. Heat, drouth and insects do not trouble it. Pkt., 40 seeds, 5 cts.

Helichrysum.

A very popular everlasting; large, full, double flowers of various colors, from bright yellow to scarlet, shaded and tipped. Handsome bouquets may be formed of them for winter, if blossoms are gathered when on the point of expanding. Pkt., 200 seeds, 5 cts.

Hibiscus, Golden Bowl.

This is a plant which grows about two feet high and begins to bloom early from spring-sown seed, the enormous flower measuring five or six inches across, beautifully cupped and of the most exquisite, soft canary yellow, with a large black center. These beautiful flowers are borne in great profusion all summer, and if the plants are potted before frost, will continue to bloom in the window all winter.

Pkt., 30 seeds, 5 cts.

Helianthus, Sunflower.

(*Globosus Fistulosus*.)

The best and most effective of all annual sunflowers; flowers immense, from twelve to fifteen inches in diameter, globular and extremely double. Of easy culture as well as showy.

Pkt., 40 seeds, 5 cts.

Hollyhocks, Prize Double.

The perfect doubleness of the magnificent, large flowers will please the most critical. All the best colors, from deep yellow, red rose, light buff, carmine, scarlet, flesh color, creamy white tinted with rose, purple, yellow on dark ground, crimson flaked with salmon, cherry red, cream on violet ground, lilac on brown ground, dark crimson to pure white, also black. If sown early in March or April the plants will bloom the first year. All colors mixed. Pkt., 50 seeds, 5 cts.

Double Maroon.	50 seeds, 5c	Double Salmon Rose.	50 seeds, 5c
" Bright Pink,	50 seeds, 5c	" White,	50 seeds, 5c
" Bright Red,	50 seeds, 5c	" Yellow,	50 seeds, 5c

Mrs. Robert Ward, Kaysville, Utah, Feb. 3, 1907, writes: It is ten years since I started getting seeds from you. I like your seeds better than any others.

Hollyhocks, Double Alleghany.

Mammoth flowers, wonderfully formed of loosely arranged fringed petals, which look as if made from the finest China silk, and have none of the formality of the ordinary type. The colors vary from the palest shrimp pink to deep red. Pkt., 50 seeds, 5 cts.

Hollyhocks, Single.

Many prefer the single-flowering Hollyhocks. They are usually of freer growth than the doubles, and present a very handsome appearance when covered with their artistic blossoms.

Pkt., 50 seeds, 5 cts.

Job's Tears, Coix Lachryma.

Curious, ornamental grass, with broad, corn-like leaves, and seeds of a light slate color. Valuable for the formation of winter bouquets. Strings of handsome beads are made from the seeds. Hardy annual, 3 feet high. Pkt., 30 seeds, 5 cts.; oz., 20 cts.

Kokhia Scoparia or Summer Cypress.

The plants grow freely from seed sown in the open ground, when the trees are coming out in leaf, and from the earliest stage of growth in the spring until they reach maturity in the fall *the plants are always of globe-like form.* The plants branch freely, and stems are clothed with slender light green leaves. Early in the fall the ends of shoots are thickly set with small bright-scarlet flowers—*the bushy plants resembling balls of fire.* The plants are equally showy, planted singly to show the round ball-like form on all sides, or grown in continuous rows or hedges. Pkt., 200 seeds, 5 cts.

Eau Galle, Wis., October 1, 1907.

Miss C. H. Lippincott:
Last spring I sent you an order for flower seeds. Among the rest I sent for Petunia seed; they were double ones and very cheap, so it seemed to me, only 8 cts. I had paid 25 and 30 cts. and never got more than one double one, and never got that but once. Can you imagine my surprise when I found six lovely double ones and some wonderfully fine single ones. The double ones I can't describe, they are so nice. I am very glad to recommend your seeds.

Mrs. A. M. Stayza.

Linaria, Kenilworth Ivy.

A very pretty and well-known hardy, perennial, trailing plant, for covering rock work, and very useful for hanging baskets. The flowers are small but pretty, and for a drooping plant, nothing can be better, as it is easily grown from seed.

Pkt., 300 seeds, 5 cts.

Linum, Crimson Flax.

Excellent for clumps or edgings and one of the best and most showy hardy annuals for bedding. May be raised in any quantity from seed sown in March or April where the plants are intended to flower. They are not at all fastidious regarding soil, doing well in any ordinary garden.

Pkt., 200 seeds, 5 cts.

Lobelia, Star of Ischi.

A very valuable and beautiful class of mostly dwarf growing plants; their delicate drooping habit and the profusion of their charming little blue and white flowers, render them exceedingly ornamental for vases or hanging baskets, and rockeries, blooming from June to November, while for border cultivation they are equally effective. Mixed colors.

Pkt., 500 seeds, 5 cts.

Lobelia, Star of Ischi

Of very dwarf, erect growth, forming dense balls of charming azure blue flowers.

Pkt., 400 seeds, 5 cts.

Lobelia, White Gem

The best dwarf white variety.

Pkt., 400 seeds, 5 cts.

Lantana.

Well-known shrubby plants, with clusters of verben-like flowers, and producing their pink, yellow, orange and white heads in great abundance. They have an agreeable aromatic perfume. Mixed.

Pkt., 30 seeds, 5 cts.

Lavender, Old-Fashioned Sweet.

A well-known, sweet scented, hardy perennial, bearing long spikes of blue flowers.

Pkt., 200 seeds, 5 cts.

Mimulus, Monkey Flower.

Tender looking plants with singularly shaped and brilliantly colored flowers, blottedched and spotted in every conceivable manner. Excellent for baskets or vases, while they thrive well in the open garden. Fine hybrid mixed. Pkt., 300 seeds, 5 cts.

Mimulus Moschatus, Musk Plant.

A well-known and favorite plant. Cultivated on account of the musky odor of the plant. Pkt., 300 seeds, 5 cts.

Mimosa, Sensitive Plant.

An interesting and curious plant. The leaves will close and droop at the slightest touch. Mostly grown as a curiosity. Pkt., 25 seeds, 5 cts.

Marvel of Peru, Four-O'clock.

It is one of the most brilliant and showy plants that can be grown with little or no trouble. Finest mixed. Pkt., 40 seeds, 5 cts.

Mexican Mountain Rose.

Antigonon Annual.

Flowers, which are of rich carmine scarlet shade, are borne in great clusters the entire length of the vine. It is a beautiful and rapid growing climber and valuable alike for the shade it affords and for the blossoms it produces.

Pkt., 25 seeds, 6 cts.

Maurandia.

A beautiful, rapid, graceful climber, for greenhouse, parlor, basket, or outdoor purposes, with rich purple, white and rose, fox-glove-shaped blossoms. Pkt., 200 seeds, 5 cts.

Nicotiana Sanderae.

This new hardy annual resembles the popular *Nicotiana Affinis* in growth and size of flowers. The plants, however, branch more freely and bloom much more profusely. The flowers are a rich glowing rosy carmine and have a lovely, delicate jessamine-like fragrance.

Pkt., 200 seeds, 10 cts.

Nicotiana Affinis.

When its large, pure white flowers are fully expanded in the evening and early morning, it has a most striking effect, and is so fragrant that a small bed will perfume the whole surrounding atmosphere. If the plants are taken up in the fall, cut back and potted, they will bloom freely all winter in the house. Pkt., 300 seeds, 5c.

Nigella, Love-in-a-Mist.

Hardy annual, known as "Devil-in-Bush" and "Lady-in-Green" because the blossoms are partially concealed by the abundance of finely cut foliage. The plant and flower are both handsome and require but little care. Pkt., 150 seeds, 5 cts.

Ornamental Grasses.

All the annual varieties mixed, many of them being really handsome in growth, and all of them desirable for winter bouquets, if cut while green and dried in the shade. Large Pkt., 5 cts.

Oenothera, Evening Primrose.

Saucer-shaped flowers of various colors and enormous size, often as large as Moonflowers; very striking and fragrant.

Pkt., 200 seeds, 5 cts.

Oxalis.

It is not generally known that these annual varieties of Oxalis are fully equal for edgings to the variety grown from bulbs. Mixed colors. Pkt., 200 seeds, 5 cts.

MISS C. H. LIPPINCOTT
30
MINNEAPOLIS,
MINN.

Mignonette, Machet. True.

An entirely new and distinct sort, of great merit. It is of dwarf and vigorous growth with massive spikes of deliciously scented red flowers. Pkt., 300 seeds, 5 cts.

Mignonette, Golden Queen.

A very fine variety; flowers of golden hue; highly effective; of dense pyramidal habit and deliciously fragrant. Pkt., 300 seeds, 5 cts.

Mignonette, New Giant Red.

The flower spikes are of the largest size, unequalled by any other variety, while the color is uniform and a strikingly distinct red. Pkt., 300 seeds, 5 cts.

Mignonette, Giant White.

Similar to Giant Red in size of spikes, but in color pure white, and is quite showy in growth; not as fragrant as the colored varieties. Pkt., 300 seeds, 5 cts.

Mignonette, Sweet. Reseda Odorata.

A favorite on account of its fragrance.

Pkt., 300 seeds, 5 cts.; oz., 12 cts.

Imperial Japanese Morning Glories.

They measure from 4 to 6 inches across and their greater substance causes them to remain open much longer than the ordinary Morning Glories. The colors of the flowers and the shadings and markings are limitless, and are really wonders of nature of such incomparable beauty that descriptions are inadequate.
Pkt., 100 seeds, Single and Double Mixed, 5 cts.; oz., 20 cts.

Tall Morning Glories, Old-Fashioned.

All colors mixed. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Moonflower. Ipomaea Noctiflora.

It bears lovely white flowers 5 to 6 inches in diameter, with a five-pointed star in the center. The flowers open at dusk, or earlier on cloudy days, at which time they are deliciously fragrant. Start the seed in the house and set out as early as safe in the spring.

Pkt., 15 seeds, 10 cts.

Evening Glory. Bona Nox.

Violet; flowers large and fragrant, especially in the evening.
Pkt., 5 cts.

Mina Lobata.

Half hardy Mexican climbing annual. The buds are at first a vivid red, but turn to orange yellow immediately before they open, and when fully expanded the flowers are of a creamy white shade.
Pkt., 20 seeds, 5 cts.

Marigold, The Eldorado.

The large bushy plants are each a ball of brilliant color, many single plants having seventy-five flowers in bloom at one time. The flowers are 3 to 4 inches in diameter, imbricated and perfectly double. They embrace four shades of color—the lightest primrose, lemon, golden yellow and deep orange. Pkt., 100 seeds, 5 cts.

Marigold, French Mixed.

A class of showy and extremely effective plants, with fine double flowers of rich and beautiful colors; very well adapted for large beds and bordering. Pkt. 100 seeds, 5 cts.

Marigold, Legion of Honor. Dwarf Single.

The blooms are of medium size, rich golden yellow, with the center of each petal broadly marked with velvety crimson-brown and with clustering stamens in bright shades of orange yellow; blooms abundantly from July until cut down by frost. So easily raised from seed that I strongly recommend it to everyone. Pkt., 100 seeds, 5 cts.

Nasturtiums, Dwarf. Finest Mixed.

The best ever produced and not surpassed for gorgeousness of colors and brilliancy of effect, embracing every known good sort. In Dwarf Nasturtiums I consider my special mixed the best that money can buy. It is made up especially for critical buyers that have the money to spend for THE BEST ONLY. Dwarf Nasturtiums now rank with Sweet Peas and Pansies as a favorite and fashionable flower. Pkt. 30 seeds, 5 cts.; oz., 10 cts.; ¼ lb., 30 cts.

Good Mixed.

The same grade as is usually sold, and very fine.
Pkt. 20 seeds, 3 cts.; oz., 8 cts.

Dwarf Nasturtiums, Golden Queen.

Golden-yellow flowers on golden foliage.

Pkt. 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums. Crystal Palace Gem.

Rich sulphur-yellow, spotted with carmine.

Pkt. 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Aurora.

The ground color is a chrome-yellow, the upper petals being of a somewhat lighter tint, while the two lower petals are *spotted and veined with purplish-carmine*. Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Empress of India.

The leaves are of a dark purplish blue color, making a suitable back-ground for the brilliant crimson-scarlet flower. Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Lady Bird.

The ground color of the flower is rich golden-yellow, each petal barred with a broad vein of bright ruby crimson.
Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Dwarf Nasturtiums, Spotted King.

Rich orange spotted with maroon.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.

New Tall Nasturtium, Ivy Leaved.

This beautiful climbing Nasturtium is different from all other Nasturtiums, both in foliage and in flower. The plants are of running growth with star-like pointed leaves of rich green. The flowers are of medium size; the petals are quite narrow and stand well apart.
Pkt., 30 seeds, 6 cts.; oz., 10 cts.

New Climbing Nasturtiums,

Madam Gunther's Hybrids.

A new section obtained by artificial hybridizing and distinguished by dark colored foliage and flowers of a richness and variety of coloring not to be found in any of the different classes of Nasturtiums heretofore grown. Colors in these new hybrids include various shades of rose, salmon, bright red, pale yellow, etc., either self colored or spotted, mottled, striped and margined.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.; ¼ lb., 30 cts.

Tall Nasturtiums, Finest Mixed.

I also offer a special mixture of the Tall or Climbing Nasturtiums made up on the same basis as the Dwarf Variety finest mixed, from the best named and brightest colors only.

Pkt., 30 seeds, 5 cts.; oz., 10 cts.; ¼ lb., 30 cts.

Tall Nasturtiums, Good Mixed.

Free bloomers and many bright colors.

Pkt., 20 seeds, 3 cts.; oz., 8 cts.

Tall Nasturtiums, Von Moltke.

Ruby rose. Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Tall Nasturtiums.

Bright Scarlet. Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Tall Nasturtiums, Prince Henry.

Yellow mottled scarlet. Pkt., 30 seeds, 5 cts.; oz., 10 cts.

Tall Nasturtiums.

Sunlight—Profuse bloomers, with clear rich golden yellow flowers, measuring nearly three inches across. Pkt., 25 seeds, 5 cts.; oz., 15 cts.

Twilight—Flowers a faint salmon or buff tint, heavily suffused with rosy salmon, upper petals beautifully veined with crimson. Pkt. 25 seeds, 5 cts.; oz., 15 cts.

Moonlight—Beautiful light straw yellow flowers of large size; a profuse bloomer. Pkt., 25 seeds, 5 cts.; oz., 15 cts.

Midnight—Foliage deep dark green, flowers a deep brown red, the petals being crumpled or partially folded. Pkt., 25 seeds, 5 cts.; oz., 15 cts.

PANSY.

Royal Show Pansies.

This is a mixture especially prepared by myself from separate strains and colors of all the largest flowering and finest varieties that can be secured in Europe, and is unsurpassed in beauty, color and markings. Pkt., 150 seeds, 10 cts.

Pansy, "New Giant Madam Perret."

This novelty is especially distinguished from other pansies by the plant being full and spreading, with very broad and extremely dark green leaves. The straight and stiff stems it possesses cause the flowers to stand out well from the foliage. The color of the blossoms ranges through all the shades of red, from a pink to a fine, deep purple, with an intermediate bright red, edged with white. The face of the flower in some cases is regular in color, while in others it is lined and striped. The extraordinary size of the flowers, which reach as much as 3 to 3½ inches in diameter, makes it a novelty of the first rank, and one that is sure to be sought after by lovers of Pansies.

Pkt., 150 seeds, 10 cts.

Giant Yellow Prince Pansy.

The color is pure golden yellow, shaded canary, sometimes with the three lower petals marked with purplish or red blotches and hair lines. It is impossible to reproduce by means of the printer's art the grand depth of brilliant color presented by this beautiful Pansy when well grown. Pkt., 150 seeds, 5 cts.

"Masterpiece" or Ruffled Pansy.

This strain comes nearer to "Double Pansies" than anything ever introduced under that name. The number of petals is the same as that in other Pansy flowers, but they are crimped and curled in such a fashion that the flowers appear double. The flowers are of enormous size, often 3 inches across, and the color variations and combinations are odd and striking. Pkt., 150 seeds, 10 cts.

Giant White Spotted Pansy.

The flowers are very large, pure white with a violet blotch on the three lower petals, of good form and substance. Pkt., 150 seeds, 5c.

Black Prince Pansy.

A distinct Pansy of sterling merit. The rich, glossy black has a peculiarly soft, velvety appearance; the magnificent, large flowers are of fine circular form and carried upright well above the foliage; plants are of very compact, husky habit, and flower so profusely that a bed of the Black Prince makes a sight not often equaled.

Pkt., 150 seeds, 5 cts.

Pansy, President Carnot.

Flowers of great size and rounded form. The center of each of the large, rounded petals is heavily blotched with a soft, rich shade of violet purple; the edges distinctly outlined with a snow-white band. In the center of the lower petals the color deepens to a velvety brown tint, contrasting richly with the yellow of the small, distinct eye.

Pkt., 150 seeds, 5 cts.

New Giant Trimardeau Pansy.

Remarkable for the extra large size of the flowers, which, however, are not so circular in form as the "Imperial German" or the "Royal Show." Pkt., 150 seeds, 5 cts.

Sweet-Scented Pansies.

The Perfume of the Violet. The Beauty of the Pansy.

This new class is the result of crossing the Pansy (*viola tri-color*) with the Sweet Violet (*viola cornuta*). The resulting hybrids in addition to retaining the delightful Violet perfume, produce the most beautiful Pansy-like blossoms, 2 to 2½ inches across; of great substance and of an endless variety of colors. They are not all equally fragrant, though the majority are as highly scented as the sweetest Violet, and the other high merits of this new strain, aside from its perfume, destine it to wide popularity. Mixed colors.

Pkt., 150 seeds, 5 cts.

Fire King Pansy.

This novelty comes almost absolutely true, scarcely a plant bearing flowers at variance from the type, which is very distinct and striking. The three lower petals each have a large blotch of deep brown-red or magenta, margined with yellow, while the upper petals are of a bright reddish-brown, of a real fiery shade warranting the name of *Fire King*.

Pkt., 150 seeds, 5 cts.

Snow Queen Pansy.

Pure, satiny white, with yellow dot in center of flower, sometimes marked near center with faint blue or purple lines; altogether the least picturesque of any of the different classes of Pansies. It is highly prized by a great many Pansy lovers for just that reason.

Pkt., 150 seeds, 5 cts.

Peacock Pansy.

A beautiful variety of ultramarine blue in the upper petals of the flower, edged with a thin white line, within which is a space of purplish crimson, passing into a rich central blotch of deep blue, shading to black. Named "Peacock" because the blending colors resemble those of peacock feathers. Pkt., 150 seeds, 5 cts.

New Red Mixed Pansy.

The most brilliant Pansy mixture ever offered; made up from a collection of all the best red and fiery shades that have been produced up to date by the expert Pansy growers of Europe and America. If you want *red Pansies* try this mixture. Pkt., 150 seeds, 5 cts.

Emperor Frederick Pansy.

The first color is deep velvety brown, shaded into a narrow band of deep, golden yellow, which borders each petal. The perfect flowers show a distinct face, marking a rich gold and dark brown.

Pkt., 150 seeds, 5 cts.

Pansy, Emperor William.

Ultramarine blue with a violet eye. Pkt., 150 seeds, 5 cts.

New Imperial German Pansy.

This mixture embraces seed of over fifty colors and markings, and is guaranteed to equal any strain offered as Imperial German.

Pkt., 150 seeds, 5 cts.

Pansy, Good Mixed.

Fine for bedding; many rich colors. Pkt., 300 seeds, 5 cts.

NOTICE—One Packet of each of the seventeen varieties of Pansies (including new *Madam Perret* and *Masterpiece*) for 75 cts.

Please Remember that my Royal Show Pansy Is the Best Mixture in existence; that I am constantly adding New Giant Varieties and doing all possible to keep It up to Its own standard.

Petunia, Grandiflora, Large Flowering. Mixed.

The largest flowering and richest colored variety in cultivation. Single flowers frequently measure over five inches in diameter, ruffled or fringed on the edges and beautifully veined with various shades of purple, rose, lavender, yellow and crimson.

Pkt., 300 seeds, 10 cts.

Petunia, Double.

Finest varieties carefully fecundated with best double flowers, and will produce from twenty-five to forty per cent. of double flowering plants. Some double, fringed, in all shades of colors existing in Petunias, and the blossoms that come single will be of the grandiflora type. Pkt., 100 seeds, 10 cts.

Petunia, Lady of the Lake.

Some magnificent, double, pure white, beautifully fringed blossoms can be obtained from this strain. Produces about twenty to thirty per cent. of double flowers. Pkt., 50 seeds, 10 cts.

Single Petunia, Snowball.

Grows about eight inches high, with satiny, pure white flowers, and makes a beautiful edging or bedding plant. Pkt., 200 seeds, 5 cts.

New Star Petunia.

An exquisite variety, either for the garden or pot culture, each flower having distinct white, starlike stripes, on rich purplish red ground.

Pkt., 200 seeds, 5 cts.

Petunia, Hybrida—Finest Mixed.

A splendid mixture, embracing all colors. They are excellent for bedding or massing.

Pkt., 300 seeds, 5 cts.

Petunia, Hybrida—Good Mixed.

Many colors and a good bedding variety.

Pkt., 200 seeds, 3 cts.

**One Pkt. each of the 7 varieties
of Petunias, 35 cts.**

Portulaca, Double Flowering.

One of the most showy and beautiful annuals, with abundant highly-colored flowers. For baskets, beds, masses or edgings it is invaluable. The seed I offer has been saved with extra care from the finest colors and will give a good proportion of double flowers.

Pkt., 600 seeds, 5 cts.

Phlox, Large Flowering, Brilliant Scarlet.

A most effectual color for bedding. Pkt., 150 seeds, 5 cts.

Phlox, Large Flowering, Pure White.

Large, round flowers of splendid substance. Pkt., 150 seeds, 5c.

Phlox, "Starred and Fringed."

These "Starred and Fringed Phloxes," are really entitled to rank as a new race. In the *Fringed Flowers*, the petals are partly imbricated and partly three-toothed, in more than 20 different shades. In the *Starred Phloxes* the pointed central teeth of the petals are five or six times as long as the lateral ones and project beyond them like little spines, giving the flowers a star-like form. Pkt., 200 seeds, 5c.

Phlox, Hortensia Flowered.

This is undoubtedly one of the handsomest species of the Phlox family. The flowers are borne in large umbels, just like a Hydrangea. Pkt., 150 seeds, 5 cts.

Phlox, Drummondii, Good Mixed.

Invaluable for bedding and for cut flowers; an excellent strain. Pkt., 100 seeds, 3 cts.

Phlox, Double Flowering.

A very desirable class. Flowers are double and semi-double, and last much longer than those of the single Phlox. The white is especially valuable as a cut flower. All colors mixed. Pkt., 150 seeds, 5 cts.

Phlox, New Yellow.

New Yellow Phlox is a rich straw yellow of warm and glowing tones; flowers extra large and fine form. Pkt., 150 seeds, 5 cts.

Phlox, Large Flowered.

Pure pink.

Pkt., 150 seeds, 5 cts.

Phlox, Perennial, Choicest Mixed.

The perennial variety of Phlox is among the choicest of our flowers for bedding and border plants. They are hardy and need no protection; will flourish in any soil, succeeding better, however, in deep, rich, rather moist ground. Pkt., 25 seeds, 5 cts.

MISS C.H.LIPPINCOTT
35
MINNEAPOLIS,
MINN.

Phlox, Drummondii Grandiflora.

Their long duration in bloom, combined with their almost unequalled richness of color, renders them of invaluable service in the flower garden. The colors range in every conceivable shade, producing flowers twice the size of common Phlox. Pkt., 200 seeds, 5 cts.

**NOTICE—One packet each of the entire collection
of Phlox, 10 packets, for 35 cents.**

Double Poppies, Mixed.

For dazzling richness and variety of colors, the flowers are unequalled. Simply scatter the seeds in the open ground and a mass of beauty will result which will be a constant source of pleasure.

Pkt., 300 seeds, 5 cts.

Iceland Poppies.

These fine perennial poppies produce flowers in great abundance the first year from the seed. The colors range from the purest white and yellow to the deepest glowing orange-scarlet, and have a delicious fragrance. For vase or house decorations they rank among the loveliest. Mixed colors.

Pkt., 200 seeds, 5 cts.

Notice.

One Pkt. each of the
6 varieties of Pop-
pies for

25c.

Poppy, The Shirley.

It is perfectly hardy and flowers the first year from seed. The flowers are large, exceedingly graceful and elegant; the colors are pure, soft and varied, and range from blush white, rose, delicate pink and carnation, through innumerable tints to bright sparkling crimson. Pkt., 300 seeds, 5 cts.

Hardy, Perennial Poppies.

Oriental—A charming summer flowering plant, producing numerous leafy stems about 2½ feet high, which are covered with deep crimson flowers.

Pkt., 150 seeds, 5 cts.

*Gurley, Ala.
Miss Lippincott:
I am perfectly
delighted with the
flower seed you
sent me. I re-
ceived them so
quickly after writ-
ing. Yours truly,
S. E. Scott.
Mar. 25-07.*

TULIP POPPY

Scarlet Poppies, Tulip.

Large, vivid scarlet blossoms, which have a dark spot at the base of the petal. Pkt., 300 seeds, 8 cts.

Poppy, White Swan.

One of the most effective and valuable Poppies introduced for years. The plants are about 18 inches high, grow in very pretty bush form, crowned with flowers of enormous size, perfect form, very double and of the purest snow-white. Its flowering period is considerably longer than that of other Poppies. Pkt., 200 seeds, 5 cts.

Primula Sinensis, Chinese Primrose.

Many persons seem to think Primulas are successfully propagated only in the greenhouse, hence we find amateurs often reluctant to attempt their culture. They are unequalled as winter bloomers, easily grown if the right conditions are observed, and give a succession of flowers throughout the season, and are prized for both beauty and their delicate fragrance. Single fringed, finest mixed. Pkt., 50 seeds, 10 cts.

Primula, Double.

Best mixed, all colors. Pkt., 30 seeds, 14 cts.

Primula Obconica.

Primula Obconica is as near an everblooming plant as it is possible to obtain. It has been known to flower for over twelve months without a break. Pkt., 100 seeds, 5 cts.

Polyanthus. Primula Elatior.

Showy, early spring, free flowering plants, fine for either pot or outdoor culture, hardy perennials; 9 inches. The best single, all colors mixed. Pkt., 200 seeds, 5 cts.

Star Primula.

Primula

Stellata Hybrida.

Many of the blooms are equal in form and purity of color to those of the Chinese Primula, and, as they last longer and the plants can be much more easily grown, they deserve to be widely cultivated. Of the seed now offered the mixture contains seven charming and distinct colors.
Pkt., 100 seeds, 8c.

The Mexican Primrose.

The superb colors, combined with airy grace and a beautiful form make a flower which is almost perfection. The plant seldom grows over ten inches in height, but inclines to a trailing habit, sweeping its branches out over the ground, or drooping out over the sides of the pot, holding its large silky flowers erect. As a window plant it combines great hardiness and ease of culture with unrivaled beauty and profusion of bloom. In the open ground it grows freely and profusely; will thrive well under any and all conditions and bloom the year round in pots, or during the spring, summer and fall in the garden.
Pkt., 100 seeds, 6 cts.

Rose, Multiflora True.

With seed of these new Roses, plants may be had in bloom in 60 days from the time of sowing. Plant at any time. They grow quickly and flowers appear in large clusters, and in such quantity that a plant looks like a bouquet. Perfectly hardy in the garden, where they bloom all summer. In pots they bloom both summer and winter. From a packet of seeds one will get Roses of various colors—white, pink, crimson, etc. No two alike and mostly perfectly double and very sweet. Pkt., 30 seeds, 8 cts.

Passion Flower, Incarnata.

Handsome, rapid growing climber for greenhouse or sunny position in open ground. Flesh white with purple rays; blossoms first season from seed. Pkt., 20 seeds, 8 cts.

Platycodon, Chinese Bell Flower.

Hardy perennials, producing very showy flowers during the whole season. They form large clumps, and are excellent for planting in permanent borders or among shrubbery. Mixed blue and white. Pkt., 500 seeds, 5 cts.

MISS C. KLIPPING CO.
MINNEAPOLIS,
MINN.
87

Ricinus Zanzibariensis.

An entirely new class from Africa, with leaves often measuring two feet across; the seeds are marbled, speckled and spotted.

Pkt., 8 seeds, 5 cts.

Ricinus, Cambogiensis.

Large, palm-like leaves of a brilliant, bronzy-red maroon color with large red veins. Pkt., 10 seeds, 5 cts.

Ricinus, Castor-Oil Bean.

Many choice varieties mixed. Pkt., 10 seeds, 5 cts.

Passiflora Gracilis.

This "Fairy Passion Vine" is a charming annual; it has pretty light green leaves, and is a very dainty and graceful thing for hanging baskets, pots or trellises; will grow to a height of 10 to 15 feet out of doors. The flowers are white, followed by seed fruits, at first light green shaded white; when ripe they turn bright shining red and burst open, disclosing fiery scarlet seeds; the entire plant becoming covered with these fruits. The effect is very pretty indeed. Pkt., 20 seeds, 10 cts.

Schizanthus, Butterfly Flower.

Bear in mind August is the best month for starting your Perennials and a few of them are always an addition to your garden.

Elegant and very free blooming annuals; of much interest and beauty, and when well grown, rival the orchids in singularity of colors and markings. The large flowers are spotted with crimson, lilac, purple and yellow, and the petals are cut in a picturesque manner. In pots in the conservatory or house, few plants are more attractive; also elegant in a bouquet or vase, and fine for bedding. Pkt., 400 seeds, 5 cts.

Stock, White Perpetual, Princess Alice.

The individual flowers are uncommonly large, of a fine, rosette-like shape, and of the purest possible white. If sown early will produce a great abundance of bloom from June until November. Pkt., 100 seeds, 5 cts.

Stock, Peach Blossom.

The plants are of neat pyramidal habit of growth, crowned with magnificent heads of beautifully shaped, perfectly double, sweet-scented flowers of a delicate, peach-blossom color. For beauty and long continuance of bloom it is unsurpassed, and the delightful fragrance renders it very desirable for bouquets.

Pkt., 100 seeds, 5 cts.

Sunflower, Mammoth Russian.

Of gigantic dimensions, both flower and stalk. Oz., 5 cts.

Scarlet Sage, *Salvia Splendens*.

One of the grandest plants in cultivation, a bed of them surpassing the finest scarlet Geraniums in brilliancy and continuous bloom. The lower spikes often measure 10 to 12 inches in length, and there are as many as 200 spikes on a well grown plant. From the time they first begin to flower the plants are never out of bloom until killed by late frosts. It is easily grown from seed, and the purchase of plants should be abandoned. Pkt., 100 seeds, 5 cts.

Salvia Bonfire.

This is one of the finest Scarlet Sages, growing in a compact bush about 2 feet high by 2 feet in diameter. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plant. Pkt., 100 seeds, 10 cts.

Salvia Farinacea.

The plants form dwarf, compact bushes, with long spikes of beautiful blue flowers, which make a charming contrast when grown with the scarlet described above. Pkt., 100 seeds, 5 cts.

Salvia, Pure White. 2 feet high. Pkt., 100 seeds, 5 cts.

Stock, Ten-Weeks.

The Largest Flowering Globe Pyramidal.

Immense spikes of perfectly double flowers, pyramidal in shape, the individual blooms frequently measuring from 2 to 2½ inches in diameter, ranging in color from crimson, rose, white, blue, lilac, brown and yellow. They are greatly prized for cut flowers on account of their fragrance and diversity of colors.

Pkt., 100 seeds, 5 cts.

Stock, Dwarf German.

Fine Mixed, Pkt., 100 seeds, 5 cts.

Sweet Fern.

Pkt., 300 seeds, 5 cts.

MISS C. H. LIPPINCOTT
MINNEAPOLIS, MINN.
40

Salpiglossis, Velvet Flower.

The graceful flowers, borne on long stems, range in color from the most delicate shades of light blue and straw color to the deepest purple and the richest brown and maroon. The quaint, funnel-shaped flowers somewhat resemble thos. of the Petunia, and are borne in great profusion. The metallic gloss and distinct veining of the petals present almost the appearance of jeweled enamels. Large flowering, mixed. Pkt., 300 seeds, 5 cts.

Miss Lippincott:

I have carefully studied your latest catalog and admire the woman back of it more than your extra good quality of seeds.

Wishing you abundant success, I remain,

Yours,

Mrs. Jno. R. Pitzer, Cordell, Okla.

Smilax.

One of the most desirable window vines on account of its charming glossy green, elegant and graceful foliage. It will grow several feet high the first season. Started in spring, it affords elegant trellis plants for the house in winter; also fine for hanging baskets. Pkt., 50 seeds, 5 cts. $\frac{1}{4}$ oz., 18 cts.

Scabiosa,

Double Back.

A new variety, with elegant double-back, purple flowers, so deep in color as to appear nearly coal black. Pkt., 50 seeds, 5c

Scabiosa.

Mixed double, all colors. Pkt., 100 seeds, 5 cts.

When making up your list of vines, don't forget to add the dainty, beautiful Maurandia vine.

Sweet William, Dianthus Barbatus.

The Sweet William is one of the finest flowering plants among the hardy perennials. The flowers have a wide range of bright colors and varied markings, including the finest auricula-eyed varieties. Single and double mixed. Pkt., 200 seeds, 5 cts.

Scabiosa, New Golden Yellow.

The color has long been desired in the Scabiosa family and is now obtained after years of selections. The flowers are double, of a fine, pure yellow color, and are charming for bouquets. The plants are semi-dwarf and very free blooming. Pkt., 50 seeds, 5 cts.

Snowball Scabiosa.

The flowers are very large, measuring fully two inches in diameter, of purest white and very double. It comes quite true from seed. Pkt., 50 seeds, 5 cts.

MISS C.H.LIPPINCOTT
MINNEAPOLIS
MINN
41

APPLE BLOSSOMS—Bright, rosy pink standards, blush wings.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

AMERICA—Heavily striped with bright blood red on white ground.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

ADMIRATION—A grand, large flower of beautiful form, self-colored in delicate shade of rosy lavender; a free bloomer.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

BLANCHE FERRY—Beautiful combination of pink and white, very fragrant. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

COUNTESS OF RADNOR—Standard light mauve, fading into a soft lavender; wings a lighter shade. Pkt., 100 seeds, 5c.; oz., 10c.

COQUETTE—Deep primrose shaded fawn.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

COUNTESS OF POWIS—A glowing orange, suffused with light purple, very novel. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

DOROTHY ECKFORD—The finest pure white yet produced, bearing three blossoms on a stem. Pkt., 100 seeds, 5c.; oz., 10c.

JANET SCOTT—Rich pink; considerably deeper than Katherine Tracy. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

OTHELLO—Deep maroon; an improvement on Black Knight.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

SALOPIAN—Burpee's Sunproof. Flowers of large size, beautifully rich, deep glowing crimson, tinged with orange scarlet.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

MRS. JOS. CHAMBERLAIN—One of the largest and handsomest of Eckford's novelties. The color is very effective, the whole flower having a white ground which is heavily striped with rose. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

MAID OF HONOR—Flowers beautifully shaded light blue on white ground, edged with narrow, deep rich violet.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

MISS WILLMOTT—Richest orange-pink flowers, measure 1 1-5 inches across, and are borne on long, stiff stems, 12 to 16 inches long. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

MRS. DUGDALE—One of the largest flowered of all Sweet Peas. Light, carmine-rose, with faint markings of primrose.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

KING EDWARD VII—The best red Sweet Pea up to date. An improvement on Firefly. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

LADY GRISEL HAMILTON—Light lavender, with azure blue wings; very dainty. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

NAVY BLUE—A most distinct and striking color in Sweet Peas. The general effect is of a rich, deep, *true blue*, though on close examination the shade in the standards is a deep lavender-purple, suffused throughout with a faint tint of claret or wine-red, while the wings are a rich violet purple.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

LADY NINA BALFOUR—Large, expanded form with flowers beautifully hooded; both standards and wings are well rounded and broadly spreading. Coloring a pale lavender or lilac, free from any reddish tint, and when gathered in bunches gives the effect of soft mouse tint. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

VENUS—Of the largest expansion form; color, a rich salmon-buff.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

PRINCE OF WALES—A bright, self-colored, deep rose flower of grand size and beautifully hooded form; frequently four on a stem. A greatly improved *Her Majesty*; one of Eckford's finest. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

TRIUMPH—Flowers of grand, large size and most beautiful coloring. Standard stiffly erect, broadly expanded; color white, suffused with salmon-pink, tinted with carmine at the base; wings widely spread, delicately veined with rosy carmine, shading to deep rose in the center. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

LOVELY—Standard and wings both deep pink shading to very light pink at the edges. Large size, hooded form. Very vigorous grower, usually four blossoms to the stem. It is a very effective variety.

Pkt., 100 seeds, 5 cts.; oz., 10 cts.

THE HON. MRS. E. KENYON—A beautiful shade of light primrose-yellow. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

DUKE OF WESTMINSTER—Standard clear purple. Wings purple with tint of violet. Large size, hooded form. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

SCARLET GEM—The color is *almost dazzling scarlet*, beautiful, bright and clear, a color much to be desired both for home table decoration and for exhibition. It also shows well in artificial light, which is an immense advantage. It is strong in growth, with sturdy stems, and wonderfully free flowering. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

JESSIE CUTHBERTSON—Creamy white, striped dark rose.
Pkt., 100 seeds, 5 cts.; oz., 10 cts.

NEW DOUBLE SWEET PEA—Double Sweet Peas are of incomparable beauty. The plants are of extremely robust growth, producing a lavish profusion of richly fragrant flowers. Flowers are extra large, frequently measuring over two inches across. *They will not all come double*, but if the plants are grown strong and luxuriant they usually produce 20 to 40 per cent. of double blossoms. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

SWEET PEAS, Best New Mixed—Owing to a special demand for all the new and finer varieties, I have selected all the large flowering and most distinct sorts especially for those that can afford to pay for the scarce and rarer varieties that heretofore have been too expensive to include in a mixture, comprising in all some 25 or 30 named varieties. This I call my **Best Mixed**, and I can particularly recommend it as extra choice and fine.

Pkt., 100 seeds, 5 cts.; oz., 10 cts.; 1-4 lb., 25 cts.; 1 lb., 90 cts.

SWEET PEAS, Fine Mixed—This strain, although not embracing the new seedlings, contains a beautiful assortment of the famous Eckford Sweet Peas. Pkt., 100 seeds, 4 cts.; oz., 8 cts.; 1-4 lb., 20 cts.; 1 lb., 65 cts.

NEW DWARF PINK CUPID SWEET PEA—Bears generally three and sometimes four flowers to a stem. The flowers are identical with the tall growing *Blanche Ferry* and are *fully equal in size*. The standard is a bright rose pink, while the wings are pure white and light pink. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

NEW DWARF WHITE CUPID SWEET PEA—Grows but 5 inches high and blooms so freely for months that it appears a perfect mass of white—the leaves being quite hidden. The flowers, of fine form and large size, are of the most perfect white; and the plants remain in full bloom two months longer than any other Sweet Pea. Pkt., 100 seeds, 5 cts.; oz., 10 cts.

Notice.

One package each of the entire collection (32 pkts.)
for \$1.15, any 3 pkts. for 10 cts., and 4 oz. for 25
cts., 2 oz. for 15 cts.

Pure White Verbena.

Candidissima.

A fine strain of large flowering, pure white Hybrid Verbenas; trusses large and borne freely at all times; always comes true from seed. Pkt., 100 seeds, 5 cts.

Striped Verbena.

Very showy striped flowers of many bright colors.
Pkt., 100 seeds, 5 cts.

Defiance Verbena.

True, brightest scarlet. Pkt., 100 seeds, 5 cts.

Verbena Hybrida.

Fine mixed, from a splendid range of colors.
Pkt., 75 seeds, 3 cts.

Verbena Odorata.

This lovely Verbena is hardy; seed may be sown in the open ground early in the spring. The blossoms, instead of being in clusters, run up into spikes three or four inches long, and are very sweet scented. Pkt., 100 seeds, 5 cts.

Lemon Verbena.

This elegant, fragrant plant is easily grown from seed and succeeds anywhere. Have a good bed of it in the garden every summer, that you can cut its fragrant foliage and flowers to make up with bouquets. Pkt., 100 seeds, 5 cts.

Verbena.

Primrose yellow. Pkt., 100 seeds, 5 cts.

One Packet each of the entire collection of
Verbenas (8 pkts.) for 25 cts.

Perennial Peas, Lathyrus.

They do not have the delicious fragrance of the Sweet Peas, but they are equally beautiful. They are perfectly hardy and live year after year bearing magnificent clusters of flowers, and bloom early in the spring. Pkt., 50 seeds, 5 cts.

Violet, Viola.

The violet should not be wanting in any garden, on account of its fragrance and early appearance. A single flower will perfume a whole room. Succeeds best in a shady, sheltered place, and can be easily increased by dividing the roots. Finest mixed.
Pkt., 150 seeds, 5 cts.

Mammoth Verbena.

Flowers of unusual size, single flowers sometimes being as large as a twenty-five cent piece, while the clusters of bloom are magnificent and the range of color more vivid than in any other mixture. For garden beds or massing, the Verbena is unrivaled; flowers of the most brilliant color, blooming continually from spring until late in the autumn. Although perennials, they bloom profusely the first season from seed.

Pkt., 100 seeds, 6 cts.

New Giant Zinnias.

A new class of Zinnias, giant in size and perfectly double flowers of the richest and most varied colors and shapes. The plants grow about three feet high and bloom freely during a long period, making them particularly valuable for large groups.

Pkt., 100 seeds, 6 cts.

Zinnias, Double Lilliput.

Dwarf, compact bushes, bearing very small, perfectly double, pompon-shaped flowers of the brightest colors, which cover the plant during the entire summer and until frost sets in. The flowers embrace a wide range of both light and dark colors, evenly distributed. Pkt., 100 seeds, 5 cts.

Pure White—Snowball. Pkt., 100 seeds, 5c.

Dwarf Scarlet—Fireball. Pkt., 100 seeds, 5c.

Golden Yellow—Pkt., 100 seeds, 5c.

Zinnia—Choice dbl. mixed. Pkt., 100 seeds, 5c.

One Packet each of the 6 varieties of Zinnia for 25 cts.

Wall Flower, Single Parisian.

Wall Flowers are the most deliciously fragrant of all garden flowers; their cultivation has been restricted, however, because they did not bloom until a year after the seed was sown. This new annual variety will flower throughout the summer and fall from seed sown the same spring. Everyone should now grow some and enjoy the pleasing fragrance of the cinnamon-colored flowers.

Pkt., 100 seeds, 5 cts.

Wall Flower, Double Mixed.

Spikes of deliciously fragrant double flowers, combining many shades of color, chocolate and orange, purple predominating.

Pkt., 50 seeds, 6 cts.

Wild Cucumber. Annual.

For covering porches and trellises.
Pkt., 5 cts.; oz., 20 cts.

Wauseon, Ohio, October 28, 1907.
Dear Miss Lippincott:

I was more than delighted with my seeds I got of you last spring. I drew First Premium on my Double Petunias and my Antirrhinum, and Second Premium on my Royal Show Pansies and my Nasturtiums, at our Fulton Co. Fair. Wishing you prosperity, I remain,
Yours truly, Mrs. Minnie Henry.

A BEAUTIFUL LAWN,

With its close, velvety turf, is a most essential feature in the adornment of all suburban homes. Without it the finest flowering plants and bedding seem insignificant, while with it handsome grounds are assured, even with no other adornment.

About April first is the best time to make Lawn.

Lawn Grass Seed

Is composed of a mixture of grasses best adapted to produce a permanent and fine turf, so that a rich, deep, green, velvety lawn is constantly maintained.

Shady Place Grass.

Usually it is quite difficult to obtain a satisfactory growth of grass under trees and in shady places. For sowing in such places we recommend the use of this special mixture. It will quickly produce an abundant and even growth of beautiful green grass. The grasses used in making this special mixture are only those that are well adapted for growing in the shade. It has been successfully used where a green sward was desired on land partially shaded by old trees.

Qt., 35 cts.; 2 Qts., 60 cts.; Peck, \$1.50; Bushel, \$6.00.

White Clover.

This thrives in almost every soil and climate, succeeding equally well on heavy moist land and thin dry hillsides. It is of low-creeping growth and most valuable for green velvety lawns.

By Express, 30 cts. per lb., not prepaid.

Lawn Grass Seed by peck or bushel by express at purchaser's expense, and on all orders by mail for more than 2 qts., please add 5 cents per quart to cover postage.

Herbs.

Thyme, Broad-leaved English	Pkt. 5 cts.
Sage	Pkt. 5 cts.
Pennyroyal	Pkt. 5 cts.

Springfield, Mo., March 4th, 1907.

Miss Carrie Lippincott:

Dear Madam.—In ordering some more seeds from you, allow me to tell you how very much I was pleased with all the seeds you sent me last year. The flowers were all lovely, especially my Dahlias and Shasta Daisies.

My Dahlias surprised the natives when they learned they had been grown from seed. Allow me to wish you much success in your business, and believe me one who loves flowers.

Yours most respectfully,
Mollie Thompson.

VEGETABLE SEEDS

ASPARAGUS, Columbian Mammoth White—This large-stalked strain produces white stalks *above the surface*, which are nearly as fine flavored as the best green-stalked.

Pkt., 5 cts.; oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.

BEET, Detroit Dark Red—Form globular or ovoid; smooth roots, with small tops; skin blood-red; flesh dark red, zoned with a lighter shade, tender and sweet. Pkt., 5 cts.; oz., 10 cts.

BEANS, Davis' White Wax—Immensely productive, bearing large handsome straight pods six inches in length. The pods are, however, tough and with decided strings. The dry seed, being white, is desirable for winter market as a shelled bean. Pkt., 10 cts.; pt., 25 cts.

BEANS, Prolific Dwarf Black Wax—Dwarf bush growth and very prolific. Pods four to five inches in length, usually curved, quite round; meaty, brittle and stringless; deep golden yellow, of excellent flavor. Pkt., 10 cts.; pt., 25 cts.

CABBAGE, Early Summer—It makes large, solid, round flattened, compact heads, of excellent quality. It is particularly true in the color of the plant, which has a peculiar bluish tinge.

Pkt., 5 cts.; oz., 20 cts.

CUCUMBER, Extra Early White Spine—This is a special strain of the popular White Spine Cucumber, which is most desirable for its extreme earliness. Pkt., 5 cts.; oz., 15 cts.

CUCUMBER, London Long Green—This is an old-time popular garden favorite. Our carefully selected strain under favorable conditions, produces fruits averaging from 10 to 12 inches in length. Skin a deep rich green; flesh solid, crisp and of excellent quality. This extra selected strain of the original type can be depended upon to produce the true long *dark-green fruits*—excellent alike for slicing or pickling. Pkt., 5 cts.; oz., 10 cts.

CARROT, Chantenay, or Model—A very popular variety for general purposes; five to six inches long; very stump-rooted; about three inches thick at shoulder; tapering slightly; bright orange scarlet. Pkt., 5 cts., oz., 10 cts.

CORN, Golden Bantam—Of extreme hardiness, can be planted earlier than any other true sweet corn, and will then produce the earliest supply of ears for the table. The ears are about six inches in length, completely filled with eight rows of golden-yellow grains, extending to the rounded tip. The flavor is exceptionally rich and sugary. Pkt., 10 cts.; pt., 25 cts.; qt., 40 cts.

CORN, Black Mexican—A medium-early variety, growing about six feet in height, ears eight inches long, well-filled with eight rows of large, rather flat grains, which are a deep bluish purple of extremely sweet flavor. Pkt., 10 cts.; pt., 25 cts.; qt., 40 cts.

CRESS, Fine Curled. (Pepper Grass)—Quick growing; leaves finely cut and feathery, like a good parsley; growth dwarf and compact; ornamental, crisp and pungent; very refreshing. Pkt., 5 cts.; oz., 10 cts.

CAULIFLOWER, Early Snowball—This is a popular extra early strain of dwarf compact growth. Under favorable circumstances nearly every plant will make a fine solid head of good size. It is valuable for both early and late. Pkt., 15 cts.; $\frac{1}{2}$ oz., \$1.00.

CELERI, Golden Self-Blanching. The best of all early "self-blanching" varieties—It is of dwarf compact habit, with thick, solid, heavily ribbed stalks which blanch easily to a clear waxen yellow. When grown in rich moist soil the stalks are numerous, each plant being fully as thick through as the largest of the tall late sorts, and with a large solid heart of beautiful golden-yellow stalks and leaves. Pkt., 10 cts.; oz., 45 cts.

EGG PLANT, Improved New York, Large Purple—This is the very best type of this standard variety. Absolutely spineless; the plants grow low, stocky and branching; early and almost continuous bearer. The fruits are very large, smooth and have a rich satiny purple color. We make the most careful selection possible of our stock plants. Pkt., 10 cts.; $\frac{1}{2}$ oz., 20 cts.; oz., 30 cts.

LETUCE, Hanson—A fine, large-headed variety. Leaves curled on the edges; light yellowish green in color. The head is crisp and brittle, and flavor excellent. Is the very best house garden variety in existence, and much the finest variety of its class.

Pkt., 5 cts.; oz., 15 cts.

LETUCE, Early Curled Simpson—A loose-bunching sort, forming no definite head. Is crisp and tender; light green in color. Is very hardy and easy to grow. Pkt., 5 cts.; oz., 15 cts.

MUSKMELOON, Osage—A salmon-fleshed variety. Skin dark green, slightly netted and ribbed. Pkt., 5 cts.; oz., 10 cts.

MUSKMELOON, Extra Early Hackensack—An early variety with almost globular fruit, which is heavily ribbed and heavily netted. Flesh thick, and light green. Pkt., 5 cts.; oz., 15 cts.

ONION, White Globe—A very handsome, silvery-white, ball-shaped Onion of large size. Flesh firm, fine grained, of mild flavor and an excellent keeper. Its even, regular size and globular form, combined with the clear silvery whiteness of the skin, make it one of the handsomest onions grown. Owing to its large size it is late in ripening. Pkt., 10 cts.; oz., 35 cts.

PARSNIP, Long Smooth or Hollow Crown—Tender, sugary, and considered the best for general cultivation. Parsnips are improved by remaining exposed to the frost. Pkt., 5 cts.; oz., 10 cts.

PARSLEY, Double Curled—Fine, dwarf, crimped leaves. Pkt., 5 cts.; oz., 10 cts.

PEPPER, Ruby King—A popular variety of the Bell or Bull Nose type. The fruit is large, glossy red, and the flavor is mild and sweet; a desirable variety for slicing and for stuffing. Pkt., 5 cts.; oz., 25 cts.

PEPPER, Red Japan Cluster—This variety is very productive. The fruits are small, thin and very hot. Pkt., 5 cts.; oz., 25 cts.

PEAS, Telephone—Immensely productive and of the finest quality. Vines very strong, averaging 18 to 20 pods per stalk. The pods are of large size, containing 6 to 7 peas each, which are of a pale green color, and are closely packed in the pod, and of a most delicious flavor. A valuable feature of this variety is that it continues in bearing for an extremely long time; height 3½ feet. Pkt., 10 cts.; pt., 25 cts.; qt., 40 cts.

PEAS, Burpee's Best Extra-Early—Equally as early as the choicest stock of *Alaska*, the peas are *much better in flavor*. The vines are quite slender, of very quick growth, and average 18 to 24 inches in height. The pods are well filled and the entire crop can be gathered generally in one picking. Undoubtedly **the best of all Extra Early Peas!** Where planted exclusively, sowing should be made every week to insure a constant supply of fresh young pods. Pkt., 10 cts.; pt., 25 cts.

PUMPKIN, Small Sugar—A handsome, prolific variety; fruits of all sizes, averaging about 10 inches in diameter, flattened or slightly ribbed; of excellent keeping qualities; skin deep orange yellow, flesh sweet. Pkt., 5 cts.; oz., 10 cts.

RADISH, Early Scarlet Turnip—A valuable variety for forcing or out-door culture, is a small turnip-shaped variety, and in color entirely crimson. Pkt., 5 cts.; oz., 10 cts.

RADISH, French Breakfast—Color, bright carmine, with clear white on the lower portion; very tender and mild. Pkt., 5 cts.; oz., 10 cts.

SALSIFY OR VEGETABLE OYSTER, Long White—The well-known standard.

Pkt., 5 cts.; oz., 10 cts.

Salsify is one of the most delicious and nutritious of vegetables, and should be more generally cultivated for use in winter when the supply of real good vegetables is so limited. It has a grassy top and a long, white, tapering root, nearly resembling a slim parsnip. When properly cooked it resembles closely the taste and flavor of the oyster and is a good substitute for it; very wholesome and nutritious. The roots are either boiled, or mashed and made into delicious fritters.

SPINACH, Victoria—The foliage is heavy, the broad dark green leaves being of the true Savoy appearance and of the finest quality. It remains in prime condition from two to three weeks after all other varieties have run to seed. Pkt., 5 cts.; oz., 10 cts.

NEW ZEALAND, Tetragonia Expansa—This is *not* a spinach of the ordinary type, but a plant of branching growth. The stems and leaves are soft, thick, fleshy, and of a crystalline appearance. Started early in the spring, the plant will resist heat and make a strong growth during the summer. The young branches and leaves can be gathered at any time and prepared like spinach. Pkt., 5 cts.; oz., 10 cts.

SQUASH, Early White Bush Scalloped—The plants are of true bush growth, producing fruit ready for use very early in summer. Pkt., 5 cts.; oz., 10 cts.

TOMATO, Acme—A tall variety, medium early, bearing flattish, globe shaped fruit of a purplish-carmine color, and medium size. The fruit is smooth and uniform. Pkt., 5 cts.; oz., 25 cts.

TURNIP, White, Early, Flat Dutch—Strap-leaved. A medium sized, flat variety; clear white, early and of fine flavor. A fine table variety. Pkt., 5 cts.; oz., 10 cts.

WATERMELON, Fordhook Early—*Without a rival*. This is the *earliest large-fruited* melon in cultivation. These fruits are of good size, rather short and blocky in form, with large diameter. Skin dark green, occasionally with faint stripes of lighter green. Flesh bright red, crisp, sweet and of splendid quality. Rind quite thin, but skin tough. Pkt., 5 cts.; oz., 10 cts.

MADAME VEILLARD. JACKMANNI.

HENRYI.

MADAME EDOUARD ANDRE.

CLEMATIS.

Price of Clematis, 14c each; 3 for 35c. Seven sorts, all different, for 80c.

There is no more ornamental class of plants than Clematis, and the rich show of bloom produced by the best varieties is far too magnificent to be fairly portrayed by mere words. The flowers are of large size measuring four to six and sometimes eight inches in diameter. The colors run from intense velvety purple, through blue, lavender and white, and a crimson variety (Madame Edouard Andre) has lately been added to the list. We presume every one of our customers who sees Clematis plants in bloom each summer promises to plant some in his own yard or garden at the next opportunity. They are especially adapted to open lawns or house fronts in the city or country. Perfectly hardy, bearing beautiful and lasting flowers. The varieties we offer here are those best adapted to our climate.

Plant in a sunny spot in good garden soil, dug very deep, placing the crown of the roots $\frac{3}{4}$ -inch below the surface of the soil. We recommend the application of well-rotted manure in holes a few inches away from the plant in opposite directions. The feeding roots reach out to these holes, which may be watered freely, with better success than when the manure is applied directly to the base of the plant.

Duchess of Edinburgh. One of the best double whites, vigorous habit, very free of bloom and deliciously fragrant.

Henryi. A vigorous grower and a free bloomer, producing its large, pure white flowers constantly during summer and early autumn.

The best large-flowered variety producing pure white flowers.

Jackmanni. The flowers are large, intensely rich velvety violet-purple and are produced in such masses as to form a cloud of bloom. Well known and very popular.

Madame Varon-Veillard. Of recent introduction and quite like its parent, the popular Jackmanni, in habit and make up, except that its flowers are a lively, satiny, lavender pink; entirely distinct from any other variety and charming in effect.

Madame Edouard Andre. Also of the Jackmanni type and is the nearest approach to a bright red that has yet appeared. The flowers are very large, usually six petaled, of a distinct, pleasing shade of carmine, and are produced in bewildering profusion.

Paniculata. One of the most valuable of all hardy flowering vines. Of exceedingly rapid growth, soon reaching a height of fifteen to twenty feet and spreading out in all directions. Small, pure-white flowers, borne in great masses of panicles or clusters on long stems, so profuse as to fairly cover the plant with a sheet of fleecy white. Its blooming period is in August and September, when most other vines have ceased, and it is then a sight to behold. Not its least charm is its delightful Magnolia-like fragrance. Hardy as an oak.

Ramona. Lavender blue; flowers large, often nine inches across. Most beautiful of its color yet known.

NOTICE. Orders for Clematis must reach me before April 10th, no orders filled after that date.

New Weeping Lantana, Delicatissima.

NEW WEEPING LANTANA, DELICATISSIMA.

Our illustration gives some idea of the charming New Weeping Lantana when planted in baskets, vases or pots for which it is particularly recommended; but it is, if possible, more beautiful still when bedded out. The plant is a neat, handsome grower, producing a great abundance of leafy vines, which cover the ground with their pretty foliage and bear such an immense profusion of lovely, clear pink flowers, that

the whole bed seems a sheet of rosy bloom from early Summer till late Fall. Scarcely anything on our grounds attracts more attention than a bed of this charming Lantana. The flowers are borne in elegant clusters, and hundreds and thousands of them are in bloom all the time.

Lantanas or Shrubby Verbenas.

For bedding and baskets, these plants are very popular. Few bedding plants bloom more continuously or afford a greater variety of colors. Grown in pots or tubs, they make splendid specimens for the porch or lawn.

Alba Perfecta—Pure snow white. Compact habit.

Comtesse de Biencourt—Flowers bright rose and yellow, center sulphur.

La Pleine d'Or (Golden Rain)—Small, pure yellow flowers, very dwarf and bushy, very abundant bloomer.

Michael Schmidt—Flowers fresh and sparkling, of a brilliant yellow, passing into a purple vermillion.

Price of Lantana, 10 cts. each; one each of the five for 45 cts.

For list of Roses, Hardy Vines and other plants, see *Floral Culture*, a copy of which will be sent free upon application.

Hydrangea, Paniculata Grandiflora

(The Hardy Hydrangeas.)

One of the finest hardy shrubs ever introduced, and in size and magnificence of bloom not excelled by any shrub in cultivation. The bush in time attains a large size, growing in beauty year by year. It is in the full glory of bloom from August until the middle or last of October, when every branch is crowned with an immense panicle of fleecy, pure white flowers, changing later to a pinkish hue, sometimes a foot long and nearly as broad at the base, presenting an aspect of majestic grandeur, that absolutely defies description. Entirely hardy, very free growing, a profuse bloomer and thrives in all soils. It should have a prominent place in every garden, not only because it is such a glorious shrub, but for its flowers appearing at a time when few others are to be found. It is planted in great numbers at Newport, and attracts a great deal of admiration at that well known place. A bed of one hundred makes a most striking appearance.

Each 10 cts.; three for 27 cts., postpaid.

Hydrangeas for House Culture.

Otakka—A Japanese variety, producing immense heads of pink flowers. This is the variety so extensively used for Easter decoration. Usually hardy as far north as New York City, and much grown as pot plants in all parts of the country. The immense heads of bloom make them very conspicuous. A little shade and plenty of water seem to meet all their needs. They can be put in the cellar in the fall. For decorative plants on a piazza or porch they produce a fine effect.

Thomas Hogg—Large, pure white flowers, which on

well grown plants measure more than 12 inches in diameter. It is quite as hardy as other garden sorts. Also much grown as pot plants for piazza or lawn decoration.

16 cts. each, or above two Hydrangeas for 30 cts., postpaid.

Japonica Rosea (New)—In color, a fine rich pink—about the same shade as a Gloire de Lorraine Begonia—and does not fade, while the foliage is dark green without any yellow tinge to it. Is being grown largely by florists and at European exhibitions has been awarded medals.

25 cts. each; the three varieties for 50 cts., postpaid.

Everblooming Snowball Hydrangea.

Found growing wild in the rocky hills of Western Pennsylvania, this new hardy shrub was instantly recognized as something out of the ordinary and became a welcome addition to our list of really valuable plants. Few of our native garden shrubs are so attractive in habit and elegance of foliage. It is perfectly hardy, having stood a temperature of 20 degrees below zero without injury. The flower is very like the greenhouse Hydrangeas and pure white. The panicles are immense in size, but the everblooming habit of this variety is its most remarkable and valuable characteristic, blooming profusely from June until September. No hardy shrub introduced in years has had such unqualified endorsement as this New Ever-blooming Hydrangea. 30 cts. each, postpaid.

Snowball--Viburnum.

Common Snowball (*V. opulus sterilis*)—A superb old-fashioned shrub, popular and much admired. Of large size and spreading habit, bearing in June large globular clusters of pure white flowers resembling immense snowballs. **Each 12 cts.**

Japan Snowball (*V. Plicatum*)—The best of the Viburnums, of purer color and better form than the above, and one of the finest flowering shrubs, but difficult to propagate and hence rather scarce. Moderate in growth and compact in form, rich deep green plicated foliage; large, globular flower clusters of the purest white produced all over the bush in great abundance. Exceedingly choice, its fine flowers are very beautiful and its handsome plicate foliage makes it a lovely object at all times.

12 cts. each; the two for 20 cts., postpaid.

Spirea, (Meadow Sweet.)

This class of shrubs offers a great variety, both in flowers and foliage, making them of the greatest value in a collection. They are all of easy cultivation, rapid growth and will amply repay the planter with an abundance of flowers.

Price, except as noted, 12 cts. each; the five for 50 cts., postpaid.

Anthony Waterer—New Crimson Spirea. By all odds the finest of the dwarf Spireas, and a grand acquisition. It outshines all Spireas in brilliancy of color—a bright crimson—and is the most profuse and persistent bloomer of them all; bearing continuously large, flat clusters of lovely flowers throughout the whole of summer and autumn. The plant is of dwarf habit and dense growth, comes into bloom very early, and when not more than fifteen inches high. **Each 15 cts.; three for 35 cts.**

Spirea Bumalda—A dwarf-growing variety, producing a profusion of beautiful rose-colored flowers the entire summer and autumn.

Spirea Callosa Alba—A very fine dwarf-growing white-flowering variety, perfectly hardy; blooms in July and August.

Spirea Prunifolia (Bridal Wreath)—Very double; flowers pure white and borne profusely, the entire length of branches, perfectly double, like little daisies.

Spirea Van Houttei—A vigorous plant that sends up numerous tall, slender shoots, which curve gracefully towards the ground, and the last of May or in June are literally covered with pure white flowers, making the bush a mass of snowy bloom.

Honeysuckles.

For real handsome vines, to be near you, climbing over windows and doorways, there is nothing prettier than sweet-scented Honeysuckles; the foliage is pretty, neat and clean, the flowers are almost continuous, and their fragrance delicious. The varieties described below are the very best.

Honeysuckle Hedges—Some of our friends have conceived the idea of planting Honeysuckles along the division fences, and it is wonderful what pretty hedges they make. Iron or wire fences are the best, but almost any kind is soon covered with a mantle of living green. Other climbing vines will answer the purpose, but the sweet-scented Honeysuckles are both fragrant and beautiful. They should be planted two feet apart.

Chinese (Lonicera Sinensis)—This variety has reddish green foliage and redish flower buds. When the flowers are expanded creamy-white petals are displayed.

Hall's Japan—A strong growing, almost evergreen sort, with pure white flowers changing to yellow. Very fragrant and covered with flowers from July to November.

Monthly Fragrant—Red and yellow; very fragrant. Blooms all summer; leaves tinged reddish color.

Scarlet Trumpet—Bright red trumpet-shaped flowers; blooms freely, vigorous and rapid growing.

Price of Honeysuckles 12 cts. each; the four varieties, one of each, for 40 cts.

The Famous Boston Sword Fern.

This popular Fern has proven the best decorative plant of recent introduction. It is a rapid grower of very easy culture, soon forming a large, graceful plant; its beautiful fronds often attaining a length of 4 to 5 feet, which arch and droop so gracefully that it is sometimes called the Fountain Fern. No plant ever introduced has had a larger sale than the popular "Boston Fern." You can make no mistake in ordering this magnificent Fern, as it is sure to please you. We receive many letters from patrons who are highly pleased with the Boston Fern purchased from us. Price, 12 cts. each.

Umbrella Plant.

Cyperas Alternifolius.

This is a plant of the easiest culture and a large specimen is as handsome as a palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is therefore indispensable for aquariums or fountains.

Each 12 cts.; three for 30 cts.

The Kentia Palm.

Belmoreana.

The Kentia Palm, besides being one of the most graceful and ornamental of all palms for the house or conservatory, is also one of the hardiest and easiest to grow. It is of slow growth, but is not affected by the dust and dry air of the house, and will grow and thrive where few other plants would live, and will continue to increase in size and beauty for many years. Fine thrifty plants.

Price, 18 cts. each; two for 30 cts., postpaid.

Hardy Flowering Shrubs.

Shrub orders must reach us not later than April 15, as the plants will commence growing soon after that date and they could not be successfully handled.

Althea (Rose of Sharon.)

The Altheas are fine, free-growing, flowering shrubs of the easiest cultivation. They produce a profusion of pretty rose-like flowers during August and September, when other flowers are scarce. The diversity of color of the different sorts makes it possible to use them in considerable quantities even in grounds of small extent. They make very pretty flowering hedges.

Double Red, Double Purple, Double White.
Price, 12 cts. each; the three (one of each) for 30 cts., postpaid.

Bush Honeysuckles.

Red Tartarian—Well known and popular shrub for the lawn or garden. Blossoms in May and June.

White Tartarian—Like the preceding, but with white blossoms.

12 cts. each; the two for 20 cts., postpaid.

25-CENT BARGAIN COLLECTION

15 VARIETIES OF THE BEST AND MOST POPULAR FLOWER SEEDS.

ALYSSUM, Little Gem; ASTER, Finest Mixed; CALIOPSIS, Mixed; COBaea SCANDENS; DIANTHUS, or CHINESE PINK, Finest Mixed; HELICHRYSUM, Mixed; MIGNONETTE, Sweet; MARIGOLD, French Mixed; PANSY, Royal Show; PETUNIA HYBRIDA, Fine Mixed; PHLOX DRUMMONDII, Grandiflora Mixed; POPPY, the Shirley; SCHIZANTHUS, Butterfly Flower, Mixed; SWEET PEAS, Best Mixed; and VERBENA HYBRIDA, Fine Mixed.

THE ENTIRE COLLECTION

ONE FULL-SIZED PACKAGE EACH OF THE ABOVE 15 VARIETIES, MAILED TO ANY ADDRESS FOR 25 CENTS, OR FIVE COLLECTIONS FOR \$1.00.

Why give 25 cents for a single plant that will bear only half a dozen flowers in a season, when the same 25 cents will buy this complete assortment of 15 easy growing annual varieties, sufficient to plant your garden? REMEMBER, I CANNOT MAKE A SINGLE CHANGE IN THIS COLLECTION, AND NO OTHER VARIETIES CAN BE SOLD AT THIS PRICE, NEITHER CAN IT BE SELECTED AS A PREMIUM.

A BARGAIN COLLECTION OF FLOWER SEEDS FOR TWELVE CENTS

10 CHOICE ANNUALS (Everybody's Favorites), all new, fresh seeds, sure to grow and bloom this season. PANSY, 40 colors and markings; PHLOX, 20 colors; VERBENA, 6 colors; PINKS, 10 colors; PETUNIA, 10 colors; ASTERS, 12 colors; BALSAM, 8 colors; SWEET PEAS, 20 colors; MIGNONETTE, sweet, and SWEET ALYSSUM.

FOR 12 CENTS and the name and address of two of your friends who grow flowers, I will send, post-paid, the complete collection, one packet each of the ten varieties (enough for any ordinary garden). This is a BONA FIDE offer; made to introduce my flower seeds to new customers, and which I guarantee to please you, or the amount paid refunded and the seeds given as a present.

WILD FLOWER GARDEN. CHOICE MIXED SEEDS. A mixture of many varieties of beautiful, easy growing flowers, producing a constant and varied bloom the whole season, and is especially suited for those who wish only a few seeds each of the LEADING VARIETIES, or a much more extensive collection than their means will permit. In no other manner can so many seeds be obtained for such a SMALL COST. The mixture is especially prepared from choice, fresh seeds, the colors and varieties being carefully proportioned, and will be found superior to any mixture offered. They are very useful for sowing alongside the garden fence, and on untidy bare spots of ground and cannot fail to GIVE SATISFACTION. Packet, 300 seeds, 5 cents; ounce, 14 cents.
